

A Special Message For

Licensed Authorized Organizations and Units

April 2, 2020

To all licensed authorized organizations and units:

The Charitable Bingo Operations Division, after reviewing a request from representatives of the bingo industry, has submitted a request to the Governor's office for statutory suspension of certain sections of the Bingo Enabling Act, including the requirement to pay certain bingo prize fees to the state.

At this time, we ask that organizations hold off on submitting quarterly reports along with the state's portion of bingo-prize fees in hopes of receiving approval from the Governor's office which may impact the need for that payment.

If you have any questions, send an email to: bingo.services@lottery.state.tx.us or call 800-BINGO-77 (800-246-4677)
