INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Texas Lottery Commission and Mega Millions Member Lotteries
Austin, Texas

We have performed the procedures enumerated below, which were agreed to by the Texas Lottery Commission (the "Commission") and the Mega Millions member lotteries (collectively, the specified parties), solely to assist you with respect to procedures surrounding Power Play accounting and reporting by the Commission. The Commission's management is responsible for the Commission's accounting records. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. Obtain from the Texas Lottery Commission the "Draw Activity" and the "Fixed Prize Analysis" for the period January 31, 2010 through March 31, 2011 and attach those as Exhibits I and II, respectively. Prove the mathematical accuracy of the schedules and note any exceptions.

Finding – No exceptions were noted although the reports attached as Exhibits I and II detail the activity beginning February 3, 2010 through March 31, 2011, since February 3, 2010 was the first draw date of the period.

2. Randomly select seven (7) draw dates from the period January 31, 2010 through March 31, 2011.

Finding – The following dates were selected for testing: February 6, 2010; April 14, 2010; May 29, 2010; June 2, 2010; September 18, 2010; November 20, 2010; and February 9, 2011.

This firm is not a CPA firm*

3. For each draw date selected in step “2” above, compare the total amount of sales as shown on the daily sales report produced by the Texas Lottery Commission’s gaming system and the total amount of sales shown on the related daily sales report produced by the Internal Control System (“ICS”), with the balance listed in the “Sales” column for the respective draw date on the “Draw Activity” report attached as Exhibit I and ensure they are in agreement.

Finding – No exceptions were noted.

4. Calculate the total dollar amount of the fixed prizes for the draw dates selected in step “2” above, based on the total number of winners from the Texas Lottery Commission’s gaming system for each prize level and the prize structure of the Power Play fixed prizes (as defined in the official game rules). Compare the calculated expense with the amount listed in the “Actual Fixed Prizes” column for the respective draw date on the “Draw Activity” report attached as Exhibit I and ensure they are in agreement.

Finding – No exceptions were noted.

5. For each draw date selected in step “2” above, compare the amount of sales, actual fixed prizes, and share of fixed prizes shown on the “Draw Activity” report attached as Exhibit I to the amounts shown on the applicable Power Play Prize Settlement Reports and ensure they are in agreement.

Finding – No exceptions were noted.

6. For the period identified, randomly select two months and obtain the “Expired Prize Settlement Report” distributed by the Virginia Lottery. For the two months selected, obtain from the Texas Lottery Commission ICS the actual fixed prizes awarded and the prizes unclaimed. Compare the ICS data back to the data reported from the Virginia Lottery for each draw of the subject months to ensure they are in agreement.

Finding – February 2011 and March 2011 Expired Prize Settlement reports were selected for examination and no exceptions were noted.

7. Compare the amounts shown as the total of the actual fixed prizes and the total of the share of fixed prizes on the “Draw Activity” report attached as Exhibit I to the applicable amounts shown on the “Fixed Prize Analysis” report attached as Exhibit II and ensure they are in agreement.

Finding – No exceptions were noted.

8. Compare the total of the period transfers from the Texas Lottery Commission to the Virginia Lottery for settlement of the fixed prize liability as shown in the Texas Lottery Commission’s cash disbursement subsidiary records to the amount listed in the “Qtrly/Yrly Settlements Transfers In (Out)” column on the “Fixed Prize Analysis” report attached as Exhibit II and ensure they are in agreement.

Finding – No exceptions were noted.

9. Compare the balance listed as the Texas Lottery Commission's payable as of March 31, 2011 for the fixed prizes as shown on the "Fixed Prize Analysis" report attached as Exhibit II to the Texas Lottery Commission's financial accounting records and to the Power Play Prize Settlement Report as of March 31, 2011 and ensure they are in agreement.

Finding – No exceptions were noted.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion on the Commission's accounting records. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties and is not intended to be and should not be used by anyone other than those specified parties.

Maxwell Socha + Ritter LLP
