TEXAS LOTTERY COMMISSION

Anthony J. Sadberry, *Executive Director*

November 20, 2007

Honorable Rick Perry, Governor
Honorable Susan B. Combs, Texas Comptroller
John O'Brien, Director, Legislative Budget Board
John Keel, CPA, State Auditor

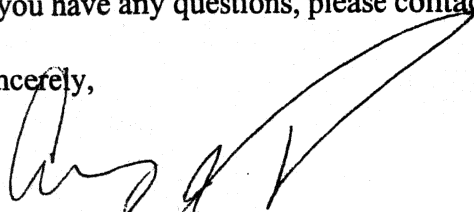

Lady and Gentlemen:

We are pleased to submit the Annual Financial Report of the Texas Lottery Commission for the year ended August 31, 2007, in compliance with TEX.GOV'T CODE ANN §2101.011 and in accordance with the requirements established by the Comptroller of Public Accounts.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis - for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

If you have any questions, please contact Kathy Pyka, Controller, at 344-5410.

Sincerely,

Anthony Sadberry
Executive Director

NOTE 1: Summary of Significant Accounting Policies

Entity

The Texas Lottery Commission is an agency of the State of Texas and its financial records comply with state statutes and regulations. This includes compliance with the Reporting Requirements for State Agencies as set forth by the Texas Comptroller of Public Accounts.

The Texas Lottery Commission serves the state by operating lottery games. The Texas Lottery was created on August 26, 1991, with the enactment of House Bill No. 54, as a division of the Office of the Comptroller of Public Accounts. The Texas Lottery was approved by the voters of Texas in a general election on November 5, 1991 and commenced operations on November 20, 1991. The Texas Lottery Commission was formed by state lawmakers during the 1993 legislative session and became effective September 1, 1993. On November 9, 1993, the Governor of the State of Texas announced the appointment of three persons to the Texas Lottery Commission. The commissioners appoint the Executive Director, the Charitable Bingo Operations Director and the Internal Audit Director.

Effective April 1, 1994, House Bill No. 2771, 73rd Legislature, Regular Session, transferred Bingo operations from the Texas Alcoholic Beverage Commission to the Texas Lottery Commission. The Charitable Bingo Operations Division of the Texas Lottery Commission collects fees and regulates the operation of charitable bingo in the State of Texas. Fees collected are allocated to cities and counties with the balance being deposited in the General Revenue Fund.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds, each of which is considered a separate accounting entity. The Fund Types used to account for the operations of the Texas Lottery Commission include the General Revenue Fund, two Enterprise Funds, and Agency Funds.

Governmental Fund Types

General Revenue Funds

The General Revenue Fund (Fund 0001) is used to account for all financial resources of the state except those required to be accounted for in another fund. The General Revenue Fund is used to account for the Charitable Bingo Operations, including allocation of Bingo Prize Fees.

Capital Assets Adjustment Fund Type

Capital Assets Adjustment fund type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Long-Term Liabilities Adjustment Fund Type

Long-Term Liabilities Adjustment fund type will be used to convert governmental fund types' capital assets from modified accrual to full accrual.

Proprietary Fund Types

Enterprise Funds

Enterprise funds account for any activity for which a fee is charged to external users for goods or services. Activities must be reported as enterprise funds if any one of the following criteria is met.

1. The activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity.
2. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges.
3. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs.

The Texas Lottery Commission accounts for its proprietary activities in two separate funds, as discussed below:

GR Dedicated – Lottery Account Fund – Enterprise (06) Appd Fund, D23 Fund 1100 (5025) - This fund is used to record all transactions related to the operation of the State Lottery.

Lotto Prize Trust Fund – Enterprise (06) Appd Fund, D23 Fund 0895 (0895) - This fund is used to account for investments purchased by the Texas Lottery Commission to meet future installment obligations to prize winners. In fiscal years prior to 1998, this fund was reported as an Agency Fund. Due to the implementation of GASB 31, the presentation was changed in fiscal year 1998.

Fiduciary Fund Types

Agency Funds

Agencies use agency funds to account for assets the state holds on behalf of others in a purely custodial capacity. Agency funds involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

The funds established by The Lottery Commission to account for such transactions are described below:

Suspense Fund (0900) - This fund is used to hold money prior to the ultimate disposition of the funds to other governmental entities or the General Revenue Fund.

Warrant Hold Offset (9016) – This fund is used to account for monies collected on behalf of the Lottery Commission for debt owed to the Lottery Commission.

Suspense Fund-Seized Funds (0362) – This fund is used to account for funds seized as a result of enforcement action taken by the Lottery Commission.

USPS – Overpayments to Employees (9015) – This fund is used to account for funds recovered due to payroll overpayments to employees.

Savings Bond Fund (0901) - This fund is used to accumulate money withheld from the salaries of employees for the purpose of purchasing United States Savings Bonds. Bonds are purchased when an individual has accumulated a sufficient amount.

Deferred Compensation 401k (0942) – This fund is used to provide a temporary depository for fund pending transmittal, by electronic means, to the administrator of the state deferred compensation 401k program.

UNAUDITED

Texas Lottery Commission (362)

Correction Account - Direct Deposit (0980) – This fund is used to hold money prior to the ultimate disposition of funds to vendors, employees, other governmental entities, or other funds.

Bingo Cash Bonds (1002) – This fund is used to accumulate security funds for tax on gross rentals or the fee on prizes imposed under Chapter 2001, Section 514, Texas Occupation Code.

Basis of Accounting

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

The governmental fund types that build the fund financial statements are accounted for using the modified accrual method basis of accounting. Under modified accrual, revenues are recognized in the period in which they become both measurable and available to finance operations of the fiscal year or liquidate liabilities existing at fiscal year-end. The Texas Lottery Commission considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year for Fund Financial Statements prepared on the modified accrual basis. Expenditures and other uses of financial resources are recognized when their related liability is incurred.

Governmental adjustment fund types that will build the government-wide financial statements are accounted for using the full accrual basis of accounting. This includes capital assets, accumulated depreciation, unpaid Employee Compensable Leave, and full accrual revenues and expenses. The activity will be recognized in these fund types.

The proprietary funds are accounted for on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds' principal ongoing operations. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

Budgets and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Allocation of Income

Revenues from instant and on-line lottery ticket sales and fees, net of retailer commissions and direct retailer prize payments, are deposited directly into an account in the Enterprise Fund (5025).

From this account, prize payment reimbursements are made to a separate local bank account ("Lottery Prize Payment Account") to provide for prize payments. The Texas Lottery Commission retains 12 percent of gross Lottery revenues, subject to appropriation limitation, accruing from the sale of tickets for the payment of costs incurred in the operation and administration of the Lottery operations, including not less than 5 percent for retailer commissions.

For fiscal year 2007, unspent administrative funds were transferred to the Foundation School Fund. Net proceeds will continue to be transferred to the Foundation School Fund during fiscal year 2007. Obligated amounts in the Lottery operations account at August 31, 2007 are included as Cash in State Treasury on the Lottery's balance sheet because the use of such funds is necessary to cover the Lottery's expenditures and prize payment obligations.

Accrued transfers in the amount of \$17,635,841.38 are recorded as "Due to Other Agencies" as of August 31, 2007. \$51,918.71 is due to General Revenue for unclaimed prizes and the balance is due to the Foundation School Fund (Fund 0193) for August sales and unspent administrative funds.

Investments

Investments are stated at fair value in accordance with GASB Statement 31 – Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Investments are purchased to meet future installment payments to prize winners. The investments are shown at fair value and the related payable is reported at amortized cost. The net unrealized gain (loss) on investment securities, which is the difference between the fair value and the amortized cost, is reflected as Unrestricted-Net Assets in the "Combined Statement of Net Assets-Proprietary Funds".

Restricted Assets

Restricted Assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds held in a repurchase agreement for payment of lottery prizes and investments held by a third party to satisfy future lotto prizes.

Inventories

Inventories consist of instant game tickets on hand at year-end, held for sale and consumable inventories. The instant ticket inventory, recorded as Merchandise Inventory, is carried at cost, as determined by the weighted average method. The consumable inventory is valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for the inventories that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

Capital Assets

Assets with an initial individual cost equal to or greater than \$5,000 and an estimated useful life in excess of one year are capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Purchases of assets by governmental funds are reported as expenditures. Depreciation is reported on all "exhaustible" assets. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds are reported at cost or estimated historical cost, if actual historical cost is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset, using the straight-line method.

Accounts Receivable – Other

The balance in Accounts Receivable – Other consists of amounts owed to the Texas Lottery Commission by member states of the Mega Millions group on August 31, 2007 for their portion of

LIABILITIES

Accounts Payable

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

Payroll Payable

Payroll Payable represents the liability for the salaries and related payroll cost earned by employees at the balance sheet date for which payment is pending.

Employees' Compensable Leave Balances

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or non-current in the statement of net assets.

Prizes Payable

Lotto Texas and *Mega Millions* jackpots are payable in a lump sum or in annual installments. Prior to February 1997, the *Lotto Texas* prizes were paid in twenty installments. Beginning in February 1997, the players were given a choice at the time of purchase of receiving either a lump sum payment or twenty-five annual installments. *Mega Millions* jackpot prizes are paid in twenty-six annual installments, unless the lump sum option is selected by the player. The first installment is processed on the day the prize is claimed. The subsequent installments are funded with United States Guaranteed Securities purchased by the Texas Treasury Safekeeping Trust Company on the Texas Lottery Commission's behalf, as are the installment payments for Weekly Grand, Top Prize, Deal or No Deal, Monthly Bonus, and Set for Life.

The amortization of the discount of investments held for prizes payable is based on yields ranging from 2.32 percent to 7.33 percent and reflects interest rates earned by the investments held to fund the prizes payable. The prizes payable relating to annual installments consisted of the following at August 31, 2007:

2007	
Total Obligation	\$ 1,624,026,000.00
Less - unamortized discount	367,847,045.87

Unclaimed Prizes

In accordance with Subsection 466.408, of the State Lottery Act, the ticket holder forfeits prizes that remain unclaimed for 180 days after the on-line drawing date or 180 days after the close of an instant game. During fiscal year 2007, the Lottery transferred a total of \$58,947,387.71 in unclaimed lottery prize winnings on a quarterly basis to the following agencies: The Comptroller of Public Account received \$48,947,387.71 for credit to the General Revenue Fund, and Department of State Health Services received \$10,000,000.00 for credit to the Multi-categorical Teaching Hospital Account.

FUND BALANCE/NET ASSETS

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

Reservation of Fund Balance

Fund balances for governmental funds are classified as either reserved or undesignated in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditure.

Reserved for Encumbrances

This represents commitments for the value of contracts awarded or assets ordered prior to year-end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

Unreserved/Undesignated:

This represents the un-appropriated balance at year-end, which may be subject to lapse.

Invested In Capital Assets, Net of Related Debt

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

UNAUDITED

Texas Lottery Commission (362)

Restricted Net Assets

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provision or enabling legislation.

Restricted Net Assets in the Enterprise Funds consist of the following:

Pooled Bond Fund

The Reserve for Pooled Bond Fund is established in accordance with the Texas Government Code, Chapter 466. Specifically, Texas Government Code, Section 466.156 authorizes the Executive Director of the Commission to establish a pooled bond fund from the collection of cash from each sales agent to be used to reimburse the State for losses to the State from the operation of the Commission's sales. As of August 31, 2007, the balance in the Pooled Bond Fund did not exceed the statutory cap of \$5 million.

Future Lotto Prizes

The Reserve for Future Lotto Prizes consists of accumulated balances from prior years resulting from an allocation of 2 percent of the Lotto Texas prize pool. As a result of a rule change effective April 23, 2006, there is no longer an allocation from the prize pool into the reserve fund. The fund may only be decreased by supplements to Lotto Texas prizes including jackpot amounts and guaranteed prizes.

Unrestricted Net Assets

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources, which are imposed by management but can be removed or modified.

Unrestricted Net Assets in the Enterprise Funds consist of the following:

Future Lottery Prizes

The Reserve for Future Lottery Prizes is used to account for the investments in enterprise fund (0895) and the difference between their fair value and amortized cost.

Unrestricted/Undesignated:

This represents other balances at year-end, retained by the Commission for operational purposes.

REVENUES AND EXPENSES

Recognition of Revenue

Lottery revenues are primarily composed of instant and on-line lottery ticket sales and retailer fees. Instant ticket sales are recognized as revenue when settled with retailers. Ticket packs are considered settled on the earlier of the date when 70 percent of the low-tier prizes in the pack are validated or 45 days after the pack is activated by the retailer. On-line ticket sales are recognized as revenue when tickets are purchased by Lottery players. Revenues from retailer license and application fees are recorded when licenses are granted. Lottery revenues are used for payment of prizes and to pay costs incurred in the operation and administration of the lottery, such costs being limited to 12 percent of gross Lottery revenues, subject to appropriation limitation, accruing from the sales of tickets, including not less than 5 percent for retailer commissions. Any funds not used for these purposes are transferred to the Foundation School Fund of the State of Texas ("Foundation School Fund") at the end of each fiscal year.

Lottery Prizes

Prize expense for instant and on-line games is estimated as a function of sales based on the predetermined prize structure for each game.

Retailer Commissions

Retailers receive a commission of not less than 5 percent based on total ticket sales.

Retailer Bonuses

The Lottery provides retailers additional compensation in the form of Bonuses for selling high tier prizes. The following table identifies the games offering a bonus option and the amount of the bonus.

Game	Bonus Structure
Lotto Texas	1% bonus of advertised jackpot, capped at \$500,000; retailer bonus is pari-mutuel.
Texas Two Step	1% bonus of advertised jackpot, capped at \$10,000; retailer bonus is pari-mutuel.
Cash Five	1% of the top-prize winning ticket, no maximum; retailer bonus is pari-mutuel.
Mega Millions	1% bonus of advertised grand/jackpot portion won in Texas up to \$1,000,000. Retailer bonus is pari-mutuel.
Instant Games *	\$10,000 bonus on top-prize tickets of \$1,000,000 or higher

* Not all games offer high tier prizes of \$1,000,000 or more.

Lottery Operator Fees

The Lottery operator received a fee of 2.6999 percent for fiscal year 2007 based on sold tickets processed by the Lottery Gaming System, less any tickets that have been canceled or returned, and less any promotional tickets or promotional coupons and less any retailer adjustments. In addition to the operator, the Texas Lottery Commission contracts for other goods and services in the ordinary course of business. Payments under such contracts are charged to expense as the goods and services are received.

NOTE 3: Deposits, Investments, & Repurchase Agreements

The Commission's deposits are collateralized under a program administered by the Texas Treasury Safekeeping Trust Company. State law requires that all State funds administered by the Texas Treasury Safekeeping Trust Company deposited in financial institutions above the federally insured amounts be fully collateralized by the pledging of eligible securities valued at market excluding accrued interest to the state.

All securities pledged to the state must be held by a third-party bank domiciled in Texas; the Federal Reserve Bank of Dallas or one of its branches; or in the vault of the Texas Treasury Safekeeping Trust Company. The deposits were covered by depository insurance or fully collateralized at August 31, 2007.

As of August 31, 2007, the total bank balance was as follows:

Governmental and Business Type Activities	\$5,759.59
--	-------------------

Investments

The Commission's investments consist of United States Government Securities (Treasury and REFCO Strips). These investments have been purchased to provide for the payment of the *Lotto Texas* and *Mega Millions* jackpot prizes that are payable annually to the winners over a nineteen-year, twenty-four year or twenty-six year period, as well as the installment payments for several instant ticket games. All investments are held to maturity; therefore, fluctuations in market price have no effect on the ability of the Commission to meet installment payment obligations as they become due. The Commission's investments are held by the Texas Treasury Safekeeping Trust Company or its agent in the Texas Treasury Safekeeping Trust Company's name.

As of August 31, 2007, the fair value of investments is as presented below:

Governmental and Business Type Activities	Fair Value
U.S. Government	
U.S. Treasury Strips	\$15,213,280.92

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. By rule, the Commission, through the Texas Treasury Safekeeping Trust Company, can only invest in U.S. Government Securities. These investments are explicitly guaranteed by the U.S. Government and as such are not subject to credit risk. As of August 31, 2007, the Commission's credit quality distribution for securities with credit risk exposure was as follows:

Reverse Repurchase Agreements

At August 31, 2007, certain investments were subject to reverse repurchase agreements entered into by the Texas Treasury Safekeeping Trust Company. Such reverse repurchase agreements, which are permitted by statute, consist of sales of securities with a simultaneous agreement to repurchase them in the future at the same price plus a contract rate of interest. Proceeds are invested in securities that mature at or near the same date as the reverse repurchase agreement and the proceeds from those securities will be used to liquidate the agreement, resulting in a matched position and minimizing market risk because the Texas Treasury Safekeeping Trust Company will hold the securities to maturity and liquidate them at face value. The market value of securities underlying reverse repurchase agreements normally exceeds the cash received, providing a margin against decline in market value. If the re-purchaser defaults on the obligation to sell these securities to the Texas Treasury Safekeeping Trust Company or provide securities or cash of equal value, an economic loss could result equal to the difference between the face value and the market value plus accrued interest of the underlying securities. Any such loss incurred would be the responsibility of the Texas Treasury Safekeeping Trust Company rather than the Commission. To minimize the risk of such default, all securities backing the reverse repurchase agreements are held by the Federal Reserve Bank in the name of the Comptroller of Public Accounts, Treasury Operations. There were no significant violations of legal or contractual provisions during the year.

The amount of investments subject to reverse repurchase agreements at August 31, 2007 was approximately \$105,001,517.29, at book value. The fair value of the securities underlying these agreements at August 31, 2007 was approximately \$106,155,931.46.

Employees' Compensable Leave

A state employee is entitled to be paid for all unused vacation time accrued, in the event of the employee's resignation, dismissal, or separation from State employment, provided the employee has had continuous employment with the State for six months. Expenditures for accumulated annual leave balances are recognized in the period paid or taken in governmental fund types. For these fund types, the liability for unpaid benefits is recorded in the Statement of Net Assets. An expense and liability for proprietary fund types are recorded in the proprietary funds as the benefits accrue to employees. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

NOTE 7: Operating Lease Obligations

The Texas Lottery Commission leases its central office, which includes the lottery drawing studio and a claim center, a parking garage for the central office, and a warehouse/disaster recovery center in Austin. Also, ten claim centers and five regional offices throughout the State are under the terms of operating leases expiring at various dates through 2016. Rent expense for Charitable Bingo and Lottery operations under these and other leases amounted to \$8,229,715.61 in fiscal year 2007. These lease agreements generally do not require payment of taxes, insurance and maintenance by the Commission, except for utility costs directly attributable to computer equipment at the central office and utility and janitorial costs at some claim/regional centers. The Lottery also leases office equipment under a month-to-month master-operating lease negotiated by the Texas Facilities Commission. Generally, management expects that leases will be renewed or replaced by other leases in the normal course of business.

NOTE 9: Contingent Liabilities

The following are pending lawsuits seeking monetary damages against the Commission. None of these pending cases is likely to result in a recovery against the Commission in a material amount, as "material" includes only amounts exceeding \$5,000,000 individually or in the aggregate.

- (1) *Shelton Charles v. Texas Lottery and Gary Grief*, Civil No. A-06-CA-158LY, in the U.S. District Court, Western District of Texas, Austin Division, was originally filed in District Court, Travis County, Texas on February 2, 2006, seeking monetary damages. The Legislative Budget Board and the Attorney General have been notified of this litigation.
- (2) *William G. West, Trustee (In re: Bijani, Hamid H. Debtor) v. Texas Lottery Commission*, Case No. 05-93546-H5-7 (Chapter 7), Adversary No. 06-3466, in the U.S. Bankruptcy Court, Southern District of Texas Houston Division, was filed on July 11, 2006, seeking a monetary judgment. The Attorney General has been notified of this litigation.
- (3) *James T. Jongebloed v. Texas Lottery Commission*; Cause No. GN304825; In the 353rd District Court of Travis County Texas, was filed in 2004, seeking judicial review of an administrative contested case order denying the Petitioner's request for a refund of approximately \$40,000. The Attorney General has been notified of this litigation.

The following are pending claims against the Commission. None of these pending claims is likely to result in a recovery against the Commission in a material amount, as "material" includes only amounts exceeding \$5,000,000 individually or in the aggregate.

1. *Cynthia Edmondson-Smith*. On August 27, 2007, Cynthia Edmonson-Smith filed a claim with the Texas Workforce Commission (TWC), alleging claims as to race, national origin, and age, seeking monetary compensation. The Texas Lottery Commission was willing to engage in TWC's mediation; however, Complainant was not. This matter will now be assigned to a TWC investigator for a thorough investigation of the merits of the complaint

NOTE 10: Continuance Subject to Review

Under the Texas Sunset Act, the Agency will be abolished effective September 1, 2011, unless continued by the 82nd Legislature as provided by the Act. If abolished, the Agency may continue until September 1, 2012 to close out its operations.

NOTE 11: Risk Financing and Related Insurance

In the regular course of business, The Texas Lottery Commission is exposed to property and casualty loss, and workers' compensation claims. The Commission retains the risk to cover losses to which it may be exposed.

The Commission assumes substantially all risks with tort claims and liability claims due to the performance of its duties. Currently, there is no purchase of commercial insurance. The Commission also participates in the State Office of Risk Management's (SORM) Risk Management and Workers' Compensation Coverage Program. The Commission's assessment for FY 07 was \$36,201.33. The assessment covers workers' compensation and risk management costs.

The Commission's Liabilities are reported when it is both probable that the loss has occurred and the amount of the loss can be reasonably estimated. Potential liabilities are re-evaluated periodically to consider settlements, frequency of claims, past experience and economic factors.

Changes in the balances of the Commission's claims liabilities during fiscal years 2006 and 2007 were as follows:

	Beginning of Fiscal Liability	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2006	\$0.00	\$0.00	\$0.00	\$0.00
2007	\$0.00	\$125,707.58	\$84,000.00	\$41,707.58

NOTE 12: Segment Information

The Texas Lottery Commission is not required to disclose segment information because information is already provided in the basic financial statements in the form of major individual enterprise funds.

NOTE 14: Subsequent Events

On September 30, 2007, *Daily 4* and *Sum It Up* were made available for sale to the public. This is the first time in nearly four years The Texas Lottery Commission has introduced a new game. As the name suggests, *Daily 4* drawings feature four winning numbers. Players may select all four numbers or choose the two-number option by selecting only the front, middle or back pair of numbers. In addition to the new game, a new add-on feature was also released, *Sum It Up*. This feature allows players to win a prize even if the numbers they pick are not drawn. For an additional wager, players whose numbers add up to the sum of the numbers drawn receive the *Sum It Up* prize.

It is estimated that *Daily 4* and its add-on feature, *Sum It Up*, will provide net revenues to the State of Texas totaling nearly \$33 million over the next five years. Revenue projections for the add-on feature *Sum It Up* as it relates to *Pick 3* are not included in this estimate.

Texas Lottery Commission (362)

ADDENDUM Organizational and General Comments

Functions & Operations

The Texas Lottery Commission has two main functions:

The Texas Lottery Commission is charged under the State Lottery Act with administering Texas Lottery games in an efficient and secure manner using appropriate marketing tools and innovative technology to generate revenue for the State of Texas while enhancing public confidence in the integrity and fairness of the games.

The Charitable Bingo Operations Division is charged under the Bingo Enabling Act with the regulation and administration of all charitable bingo-related activities in the state of Texas and contributes to the regulatory and tax and revenue collection functions of the agency. The Division licenses all bingo-related activities; collects taxes and prize fees generated from the conduct of charitable bingo; audits bingo licensees; conducts tests on bingo products intended for use in Texas, such as bingo paper, pull-tabs and electronic equipment; and makes quarterly allocations to local units of government for their share of the prize fees collected.

Organization and Governing Board

The three-member Texas Lottery Commission sets policy, promulgates rules for the agency, and performs all other duties required by law. The Governor appoints Commission members, with the advice and consent of the state Senate, to staggered six-year terms. The officials, their terms of office and hometowns are:

C. Tom Clowe, Jr.	February 1, 1999 - February 1, 2005	Waco, Texas
James A. Cox, Jr.	June 3, 2002 - February 1, 2009	Austin, Texas

The Executive Director, the Charitable Bingo Operations Division Director, and the Internal Audit Director are appointed by and report to the three-member Commission. The Texas Lottery Commission Executive Director provides leadership to nine divisions within the agency, ensuring that staff carry out applicable state law and Commission policies. The Charitable Bingo Operations Director is responsible for the day-to-day operations relating to the regulation of charitable bingo, ensuring that the staff carries out applicable state law and Commission policies. The Internal Audit Director works to ensure that internal and external controls are adequate to improve the efficiency and effectiveness the Texas Lottery Commission.

Service Responsibilities

The agency serves a number of direct and indirect customers. The primary direct customers of the Texas Lottery Commission include lottery players and licensed retailers, charitable bingo players and licensees, advisory groups, vendors, and the Texas Lottery Commissioners, and agency staff. Indirect customers are those Texas populations that benefit from the conduct of the *Games of Texas* and charitable bingo, from the agency's net revenue contributions to the state of Texas, and from associated agency activities that serve the public good.

The agency is divided into 11 divisions: Executive, Charitable Bingo Operations, Internal Audit, Administration, Enforcement, Governmental Affairs, Human Resources, Legal Services, Lottery Operations, Media Relations, and Office of the Controller.

Executive Division— The Executive Division refers to the Executive Director, Deputy Executive Director, Ombudsman, and administrative staff. The division is the focal point for the decision-making and strategic planning related to the day-to-day operation and administration of the Texas Lottery.

Texas Lottery Commission (362)

The Executive Director and Deputy Executive Director play key roles in the short- and long-term planning for the agency.

Charitable Bingo Operations Division— The Charitable Bingo Operations Division is responsible for the regulation of all activities relating to the conduct of charitable bingo games in the State of Texas. The division is organized into three sections: Audit Services, Accounting Services and Licensing Services. While each section of the Charitable Bingo Operations Division performs a distinct function, they also interact frequently with each other as well as other divisions of the Texas Lottery Commission in the regulation of charitable bingo activities in Texas. The division is managed by a Director, who reports to the three-member Commission.

Internal Audit Division— The Internal Audit Division serves as an independent appraisal function with the agency. The purpose is to provide independent, objective assurance and consulting/advisory services designed to add value and improve the agency's operations. The division is managed by a Director, who reports to the three-member Commission.

Administration Division—The Administrative Division serves the needs of the commission in the areas of information resources and support services. Information Resources is responsible for managing the agency's network infrastructure, which includes the local- and wide- area networks, telecommunications, the Intranet site and the agency's Web site and supporting a variety of software applications. The Support Services is responsible for property and facilities management, purchasing and contracts, publications and graphics, and records retention. In addition, the division coordinates the development, review and adoption of internal policies and procedures. The division is managed by a Director, who reports to the Deputy Executive Director.

Enforcement Division— The Enforcement Division investigates and prosecutes administrative violations of the Lottery Act and the Bingo Enabling Act. Commissioned peace officers and administrative investigators work closely with local law enforcement agencies, district and county attorneys, and the Lottery Operations Security Department and claims office staff. The division is managed by a Director, who reports to the Executive Director.

Governmental Affairs Division— The Governmental Affairs Division serves as the agency's primary liaison with the legislative and executive branches of state government. The division coordinates and implements legislative strategy and initiatives to further enhance the agency's goals. Its actions are designed to assist the Commissioners, the Executive Director, and the Charitable Bingo Operations Director, as well as all divisions of the agency, by providing legislative tracking analysis, representation, recommendations, and information. The Governmental Affairs Division is managed by a Director, who reports to the Executive Director.

Human Resources Division— The Human Resources Division is responsible for the recruitment and selection processes of new employees as well as workforce planning, employee retention, and training. The division also assists management with employee performance evaluations, salary actions and compensation. Human Resources is responsible for coordinating employee benefits, deferred compensation plans, savings plans, and tuition reimbursement. The division is managed by a Director, who reports to the Deputy Executive Director.

Legal Services Division—The Legal Services Division serves the agency and provides legal advice, assistance and services to the Commissioners, the Executive Director, the Charitable Bingo Operations Director, the Internal Audit Director, and agency staff. The General Counsel Section provides legal services to the agency primarily in connection with transactional matters such as procurements and contracts, processing lottery prize claimants, and rulemaking while the Office of Special Counsel provides personnel and employment law advice to the agency. The division is managed by the General Counsel, who reports directly to the Executive Director and serves as the attorney for the agency, Commissioners, Executive staff, and, when requested, other agency staff.

Lottery Operations Division— The Lottery Operations Division is responsible for player, retailer and vendor compliance with the requirements of Chapter 466 of the Government Code and Chapter 401 of the Texas Administrative Code, as well as game security, drawings and validations and marketing functions. The Division serves the needs of the Commission and its customers in the areas of vendor compliance; jurisdictional complaint monitoring; instant ticket printing, testing, security, warehousing and distribution; retailer recruitment and development; retailer licensing and accounting; customer service through the operation of a toll-free hotline, a customer service email box on the agency's Web site, and oversight of the agency's correspondence functions; product development; claims processing; retailer surveys and inspections; lottery drawings, security of lottery drawings and validations, promotions, and the oversight of mass-media advertising. The division is organized into five distinct functional areas: Advertising and Promotions, Drawings and Validations, Retailer Services, Products, and Security. The division is managed by a Director, who reports to the Deputy Executive Director.

Media Relations Division—The Media Relations Division is the first point of contact for all inquiries from local, state and national news media. The Media Relations Director works in conjunction with the Executive Director, Deputy Executive Director, Charitable Bingo Operations Director and Commissioners to develop and execute a media relations strategy that supports the agency's mission and vision. The division is managed by a Director, who reports to the Executive Director.

Office of the Controller— The Office of the Controller provides financial services and reporting functions for the commission in accordance with statutes and requirements. The primary functions include administration of the development, submission, and management of agencies financial statements, financial reports, payroll, accounts payable, sales reports, revenue projections, allocations, fiscal notes, performance measures, annual and biennial budgets, and IRS tax reporting. The division is managed by a Director, who reports to the Deputy Executive Director.

General Comments

At August 31, 2007, there were 308 employees on the Commission's payroll. A listing of the Commission's administrative and key personnel at August 31, 2007, is presented at the end of this addendum.

Administrative personnel of the Commission are aware of and adhere to the records retention period guidelines prepared by the Records Preservation Advisory Committee and approved by the Texas State Library and Archives Commission.
