In the months since the sale of All or Nothing tickets resumed August 25, 2013, more than \$12.5 million has been paid out in prizes, including seven top prizes of \$250,000 to lucky players who matched all 12 numbers drawn or none of the numbers. The new hourglass game design that allows players to win the top prize by not matching any numbers is a unique, never before offered feature that gives you a great opportunity to promote All or Nothing to your customers. [148777] Another benefit is that players can win \$500 by matching just one number. (See the prize chart for all 10 ways to win with All or Nothing.) [494805]

To help you promote the game and encourage trial by your customers, we're giving players a free \$2 All or Nothing Quick Pick when they make a Lotto Texas[®] purchase of \$6 or more on one ticket. This storewide player promotion will begin Monday, April 7 and run through Sunday, April 27. That's three weeks of a special incentive for Texans to try one of the most unique lottery games in the country.

For instance, if there are 30 Top Prize winning plays, each winning play will be eligible for \$166,666 as the Top Prize payment amount

Retailer Spotlight

Mobil Mart A small store with big sales!

Mobil Mart in Converse proves that being a small store in a small town does not have to result in small Texas Lottery sales! Mobil Mart has been selling lottery since 1999, and is by far the highest-selling lottery retailer in the area. The store has 70 scratch-off dispensers on the counter, plus an additional 24 slots in their Gemini[™] self-service terminal. With so many slots, the Mobil Mart staff is able to multi-face many new and popular base games. The dispensers are the first thing customers see when they walk in the door, and the staff believes this makes it tough for people to resist buying a few tickets before they leave! Customer service is the priority for staff at Mobil Mart. They pay all prizes up to \$599 and strive to have all current scratch-off games available so that their loyal customers have no reason to buy their lottery tickets anywhere else. Many of their customers are extremely [1]6950] knowledgeable about the lottery and know when new games are coming out, so the staff makes sure to display new [3]1961] games as soon as they arrive.

Mobil Mart makes good use of available exterior lottery signage. The store displays a curb sign by the street, as well as a large coroplast sign in the window calling out recent big winners which include a top prize on the *\$250,000 Bingo* scratch-off [126208] and a *Cash Five*[®] ticket worth \$18,151!

Managers and staff at Mobil Mart actively engage in Texas Lottery retailer promotions, including the Retailer Cash

Incentive Program and Retailer Pack Settlement Promotions. They are excited to participate in any promotion that can increase their sales and awareness of their store and array of available lottery products.

Mobil Mart staff will continue to make selling lottery games a priority and, hopefully, [120984] will continue increasing sales and contributing to the store's bottom line!

TLC Website Gets a New Look!

The Texas Lottery website has received a makeover! During the past year, a committee of TLC staff members has been working on a redesign to make the website more user-friendly and up-to-date. [466320]

Here are a few of the key [156077] improvements of the redesign:

- A fresh new look
- Jackpot and draw results information at the top of every page
- A responsive design that allows the site to be viewed on any device and eliminates the need for a separate mobile website. [145365]

Future issues of RoundUp will bigblight specific new features that will benefit you!

Gateway #10

Retailer Cashing in on Lotto Texas® Retailer Bonus

On the morning of Sunday, October 20, 2013, owner Nasser Safa of **Gateway #10** in **Southlake** got a phone call that every lottery retailer hopes to receive. [1]8425] A Texas Lottery player had purchased a jackpot winning *Lotto Texas* ticket worth \$19.5 million from his store for the Saturday, October 19, 2013, drawing!

"I was hunting in West Texas and wanted to know why my store was calling me on a Sunday at seven o'clock in the morning," said Mr. Safa. "After that, all my suppliers were calling and texting me." The jackpot winning ticket sold at his store qualified him for a retailer bonus [151596] of one (1) percent of the jackpot prize — a hefty \$195,000!

Last November 20, Texas Lottery Commission Executive Director Gary Grief presented Mr. Safa with his \$195,000 retailer bonus check. Local news affiliates WFAA and KXAS were present to film the check presentation, which was featured on the news that night. To support the celebratory event, GTECH conducted a Spin and Win promotion at the store before and after the check presentation to thank customers for supporting the Texas Lottery.

Players are excited to hear that their neighborhood store sold a winning lottery ticket and are hoping they might be the next big winner. In the eight weeks following the drawing, Gateway #10 saw a 20-percent increase in *Lotto Texas* sales and a 44-percent increase in [482035] total sales as word spread that the store sold the winning ticket.

Mr. Safa owns seven stores that sell lottery in the Dallas-Fort Worth area. [482015] Mr. Safa planned to share some of his bonus with his employees as well as pay off his mortgage.

In addition to the retailer bonus from the *Lotto Texas* jackpot ticket, Gateway #10 also earned a payment of \$1,600 in the Retailer Cash Incentive Program #12. This is a prime example of how the Texas Lottery can directly benefit a retailer's bottom line.

Retailer bonuses can be won on a number of Texas Lottery games including *Powerball*[®], *Mega Millions*[®], *Lotto Texas, Texas Two Step*[®], *Cash Five*, and scratch-offs. For specific information on retailer bonus opportunities please visit the "Retailers" page at **txlottery.org**.

Frequently Asked Questions

A

A

Q. How does a retailer pay for scratch-offs?

A

A

- There are four ways that a pack [312351] of instant tickets can be settled (charged) to a retailer's account:
 - 1. *Validation* When approximately **70 percent** of the low-tier winning tickets (\$24.99 or less) have been validated, the pack will settle. A G-Tier (guaranteed prizes in a pack) prize level category exists for all games with a ticket price of \$25 and higher which do not have low-tier prizes. These game packs will settle when 70 percent of the G-Tier prizes have been validated. The charge will be reflected in the retailer's weekly invoice available the upcoming Sunday.
 - 2. *Manually* After a pack is activated, the retailer may choose to settle the pack at any time and it will be charged to the current accounting week, which will be reflected in the weekly invoice available the following Sunday.
 - 3. *Time* A pack will automatically settle 45 calendar days from the date the pack is activated, if the pack was not previously settled by another method. The charge to the account will be reflected in the weekly invoice available the following Sunday.
 - 4. *Game Closing* Retailers will be charged for any tickets, not previously settled, in their possession after the official End of Game date.

Q. What time on Wednesday does the Texas Lottery sweep or draft funds from my account?

The sweep amount reflects business from 12:30 a.m. on Sunday through midnight on the Saturday prior to the sweep. The actual time on Wednesday when the sweep amount is taken out of your account is at your bank's discretion. It is important to note that holidays/ bank closings may affect the date or time of the actual draft. We recommend that you contact your bank to get more information about their electronic draft processes and policies.
