FREQUENTLY ASKED QUESTIONS

Q. What if I validate a winning ticket and don't have the funds to pay the prize?

A. You are encouraged to pay all prizes of \$599 or less. Winning is the main reason your customers play the lottery and by paying prizes you are promoting winning experiences that often result in additional purchases of lottery tickets and other store merchandise. When you validate a winning ticket you are required to pay the player the amount displayed on the two validation receipts and the terminal screen. The prize amount also is displayed on your ESM screen or VFD. If you validate a winning ticket and do not have funds to pay the prize you must **return the ticket to the player**. The player will then have to redeem the ticket at a Texas

Lottery Claim Center. Be aware that failing to pay a valid prize that you are required to pay is a violation of Texas Lottery rules. To prevent this situation, you are encouraged to use the "Draw Game Inquiry" function on your terminal or the Check-a-Ticket; both will give you the prize amount before a ticket is validated.

Q. What hours can I sell Texas Lottery® tickets?

A. Scratch tickets may be sold 24 hours a day. Retailers may sell draw game tickets 24 hours a day except from 12:00 a.m. (midnight) to 12:30 a.m. CT or during the draw break for each game. Retailers are required to sell lottery tickets during their regular business hours.
