## FREQUENTLY ASKED QUESTIONS

### Q. What do I do with an Exchange ticket?

**A.** If you validate a Multi-Draw ticket that still has draws remaining, an EXCHANGE ticket will be generated by the terminal. Keep the original ticket and hand the player the EXCHANGE ticket. The EXCHANGE ticket will have the same numbers as the original ticket and is good for any remaining draws. This process may be repeated as necessary.

### Q. A ticket validated for an amount different from what the player expected. What should I do?

**A.** Players may not always understand how to play a

game or how prizes are won. The prize amount displayed on the ESMM, your terminal screen and printed on the Retailer/Player receipts after a ticket is scanned is accurate.

For every validation transaction, you should provide the player with the Player copy of the receipt and pay the full amount of the prize as indicated on the receipt. If the player has additional concerns, you should refer the player to our **Retailer Services Hotline (800-375-6886)** where our team is available to assist players or retailers with any questions.
