1. GENERAL INFORMATION

1.1. Purpose

- 1.1.1. The Successful Proposer shall be responsible for conducting tests and evaluations to ensure the security, integrity and “playability” of Texas Lottery products, which include Scratch Ticket games, Draw Game Paper Stock and other lottery products. Also, at the Texas Lottery’s request, the Successful Proposer shall advise the Texas Lottery on any technological advances and on security features and improvements in lottery products.
- 1.1.2. Texas Lottery Scratch Ticket games are produced by third-party vendors in Packs ranging from ten (10) to two hundred fifty (250) tickets. The Packs are shipped directly by the vendors to the Texas Lottery’s lottery operator. The Texas Lottery currently has Scratch Tickets at various price points. The Texas Lottery's Scratch Ticket game plan changes to accommodate the demands of the market. The number of games, overall ticket production and the expansion of price points may fluctuate to meet these demands.
- 1.1.3. The Texas Lottery anticipates, but does not warrant, that there will be an average of eighty-five (85) to ninety-five (95) standard games produced annually during the Contract Term. However, the Texas Lottery does not warrant all Scratch Ticket games will be submitted for testing under the Contract resulting from this RFP. The Texas Lottery may submit multiple Packs of tickets for testing for any given game. Submission of multiple Packs of tickets for any given game shall be deemed one submission, regardless of the number of Packs. The Texas Lottery generally will send a minimum of four (4) Packs of tickets per game, per submission depending on Pack size. The Successful Proposer shall be required to report, in writing, to the Texas Lottery any differences in the quality or security of the Packs of tickets submitted for each game.
- 1.1.4. The Successful Proposer shall test and evaluate Texas Lottery products to assess durability, security and alterability using standards developed by the Successful Proposer and approved by the Texas Lottery. The Successful Proposer shall provide all equipment, chemicals, labor, materials, and services necessary to test and evaluate the products.
- 1.1.5. The Successful Proposer shall be required to test all Texas Lottery products at the agency’s request, although the primary focus will be testing Scratch Ticket games. The Texas Lottery’s Scratch Ticket game manufacturers produce tickets that are printed on paper stock, recycled paper stock, recyclable paper, foil stock, plastic stock and holographic paper stock in various sizes (e.g., 2.4” x 4” -12”x 4”). Each manufacturer uses its own type of chemical formulas which may include solvent- or water-based chemicals, or a combination of the two. The Successful Proposer’s test standards shall cover all Scratch Ticket game variations and be adaptable to address advances in Scratch Ticket game manufacturing during the Contract Term.

- 1.1.6. The Successful Proposer shall test lottery products until a conclusive result is reached. Additional tests, including re-tests, conducted as a result of inconclusive test results will be performed at no additional cost to the Texas Lottery.
- 1.1.7. The Texas Lottery currently has a variety of retailer sales terminals, including traditional lottery and retailer point of sale (in-lane) terminals in the Texas marketplace. At the Texas Lottery's request, the Successful Proposer shall test and evaluate various types of paper stock used by the sales terminals. If paper stock and/or terminal types change during the Contract, the Texas Lottery may ask the Successful Proposer to analyze and test the materials used against the current paper stock.
- 1.1.8. At the agency's request, the Successful Proposer may be required to test other Lottery products (e.g., non-standard tickets) or conduct miscellaneous testing services for new and emerging products. These services may also include testing services requested by one of the Texas Lottery's Scratch Ticket manufacturers with the agency's prior approval (See Section 6.9).
- 1.1.9. Proposers shall provide the Texas Lottery with information, and evidence in their Proposal to demonstrate their ability to meet the specifications of the RFP, and that will permit awarding a contract in a manner that provides the best value to the Texas Lottery. Proposers shall propose on all components and submit a single proposal for all services in response to this RFP.

Its operations will be subject to the same scrutiny and oversight that would apply if all operations were performed by Texas Lottery employees. Accordingly, all operations shall be conducted in adherence to applicable statutes and the highest ethical standards.

1.6. Procurement Authority

This RFP and all activities leading toward the execution of a written contract under this RFP are being conducted in accordance with the State Lottery Act (Tex. Gov't Code. §§ 466.001, et seq.), as amended; the Texas Lottery's administrative regulations (16 TAC §§ 401.101, et seq.); and other applicable laws of the State of Texas. All Proposers should read and be familiar with the State Lottery Act and 16 TAC §401.101-103.

1.7. Proposals Subject to The Texas Public Information Act

1.7.1. The Texas Lottery is subject to the Texas Public Information Act (Act) (Chapter 552, Government Code). Proposals submitted to the Texas Lottery in response to this RFP are subject (in their entirety) to release by the Texas Lottery as public information. A Proposal, or specific parts thereof, may, however, be shown by the Proposer to fall within one or more

of the exceptions to disclosure provided in the Act, the State Lottery Act or other applicable law. **Marking an entire Proposal as “confidential” or “copyrighted” is unacceptable.** If a Proposer believes that parts of its Proposal are confidential under the Act, it should specify the confidential information by marking “Confidential” on each page or by each paragraph containing such information prior to submitting the Proposal to the Texas Lottery. In response to this section, Proposers shall provide the Texas Lottery with specific and detailed reasons for each item marked “Confidential”. Vague and general claims to confidentiality are not acceptable. This detail is necessary so that the Texas Lottery will have sufficient information to provide to the Attorney General of Texas, if a ruling regarding the confidentiality of such information is requested. Failure of a Proposer to respond to such notification may result in the release of all or part of the Proposal as public information. It is the Proposer’s obligation to submit briefing to the Attorney General setting forth the basis upon which the requested information should remain confidential. The Attorney General may determine all or part of a Proposal to be public information even though parts of the Proposal were marked “Confidential” by the Proposer. Additionally, see Section 552.0222 of the Act relating to contracting information that is considered public and shall be released.

- 1.7.2. The Texas Lottery assumes no responsibility for asserting legal arguments to the Attorney General on behalf of Proposers.
- 1.7.3. Proposers are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.
- 1.7.4. The requirements of Subchapter J of the Act may apply to this Proposal and the Proposer, contractor, or vendor agrees that the contract can be terminated if the Proposer, contractor or vendor knowingly or intentionally fails to comply with a requirement of that subchapter. See Attachment H.

1.8. Misunderstanding or Lack of Information

By submitting a Proposal, a Proposer agrees that it fully understands and will abide by the terms and conditions of the RFP and it will not make any claims for, or have any rights to, cancellation or relief without penalty because of any misunderstanding or lack of information. The Executive Director reserves the right to accept Proposals by waiving minor technicalities if the Executive Director, within his or her sole discretion, determines it to be in the best interests of the Texas Lottery. The decision of the Executive Director shall be conclusive, and subject to protest under Section 2.17 of this RFP.

1.9. Rejection of Proposals and Cancellation of RFP

Issuance of this RFP and/or retention of Proposals does not constitute a commitment on the part of the Texas Lottery to award a Contract. The Texas Lottery maintains the right

to reject any or all Proposals, and to cancel this RFP, if the Texas Lottery, in its sole discretion, considers it to be in its best interests to do so.

1.10. Ownership of Proposals

All materials submitted by a Proposer will become the property of the Texas Lottery and may be used as the Texas Lottery deems appropriate.

1.11. Incurred Expenses

The Texas Lottery accepts no obligations for costs incurred in preparing and submitting a Proposal. Proposals shall be submitted at the sole expense of the Proposer. All Proposals shall be prepared simply and economically, providing a straightforward, concise delineation of the Proposer's capabilities to satisfy the requirements of this RFP.

1.12. Proposal Tenure

All Proposals shall be valid for a period of one hundred and eighty (180) Days from the deadline for submitting Proposals.

1.13. No Texas Lottery Obligations

The Texas Lottery reserves the right to select qualified Proposals to this RFP without discussion of the Proposals with Proposers. It is understood that all Proposals will become a part of the Texas Lottery's official procurement files after the Contract has been awarded or the procurement has been terminated and will be available for public inspection except for portions that the Proposer has designated as proprietary and confidential (see Sections 552.110 and 552.305 of the Public Information Act and RFP Section 1.7 above).

2.12. Changes, Modifications and Cancellation

The Texas Lottery reserves the right to make changes to and/or cancel this RFP and will post all changes and modifications, whether made as a result of a potential Proposer's written inquiries or otherwise, and cancellation notices on the Electronic State Business Daily and the Texas Lottery websites. **It is the responsibility of the Proposer to check these websites for any additional information regarding this RFP. If the Proposer fails to monitor the ESBD and TLC websites for any changes or modifications to the RFP, such failure will not relieve the Proposer of its obligation to fulfill the requirements as posted.**

2.13. Updates to Information Supporting a Proposal

Following the submission of Proposals and prior to the signing of a Contract, the Proposer is under a continuing obligation to notify the Texas Lottery in writing of any updates or changes to information offered in support of its Proposal that might reasonably be expected to affect the Texas Lottery's consideration of the Proposal. Nothing in this section shall be interpreted to permit unilateral modification by a Proposer of its commitment to provide goods and services described in its Proposal as filed for the cost stated therein.

2.14. Additional Information

By submitting a Proposal, the Proposer grants the Executive Director the right to obtain any information from any lawful source regarding the past history, practices, conduct, ability and eligibility under the State Lottery Act of the Proposer to supply goods, services and to fulfill requirements under this RFP, and the past history, practices, conduct, ability and eligibility of any director, officer or key employee of the Proposer. By submitting a Proposal, the Proposer generally releases from liability and waives all claims against any party providing information about the Proposer at the request of the Executive Director. Such information may be taken into consideration in evaluating Proposals.

2.15. Proposal Evaluation and Contract Award

- 2.15.1. The Texas Lottery Commission intends to conduct a fair, comprehensive and impartial evaluation of all Proposals received in response to this RFP using an evaluation committee. The evaluation committee will be selected by the Executive Director and may consist of Texas Lottery employees or outside individuals with expertise in particular areas. In addition, the Texas Lottery's General Counsel, other in-house legal counsel, and outside legal counsel may assist by advising the evaluation committee. Texas Lottery employees and consultants may also assist in the process as technical non-voting members of the evaluation committee.
- 2.15.2. Each member of the evaluation committee will independently score each Proposal responsive to this RFP. Evaluation committee members may seek, obtain and consider the opinions of other committee members or subject matter experts (including Texas Lottery staff, staff from other Texas agencies and consultants retained by the Texas Lottery) when evaluating and independently scoring particular areas of the Proposals.
- 2.15.3. The evaluation committee may request clarification of information or representations in a Proposal before completing the initial evaluation. Requests for clarification and responses to requests for clarification will be in writing and will become part of the evaluation record.
- 2.15.4. The procurement process will be conducted in accordance with 16 TAC §401.101.

2.15.5. At a minimum, the factors to be considered by the evaluation committee in evaluating Proposals shall include:

- (i) the proposer's price to provide the goods or services;
- (ii) the probable quality of the offered goods or services;
- (iii) The agency's evaluation of the likelihood of the proposal to produce the desired outcome for the agency, considering, among other criteria:
 - (I) the quality of the proposer's past performance in contracting with the agency, with other state entities, or with private sector entities;
 - (II) the qualifications of the proposer's personnel;
 - (III) the experience of the proposer in providing the requested goods or services;
 - (IV) the financial status of the proposer; and
- (iv) whether the proposer performed the good faith effort required by the HUB subcontracting plan, when the agency has determined that subcontracting is probable.

The evaluation committee also may consider vendor performance reviews maintained by the Texas Comptroller of Public Accounts under Tex. Gov't Code §2262.055.

A copy of the scoring matrix is included as Attachment F.

2.15.6. A written notice of Contract Award will be posted on the ESBD, and sent to all Proposers immediately following execution of the Contract.

2.16. Site Visits and/or Oral Presentations

3.2. Governing Law and Venue

The procurement process, the award procedure, and the Contract shall be governed by, and construed and interpreted in accordance with the applicable laws of the State of Texas. Any and all actions or suits brought by a Proposer or any related party regarding this RFP or the Contract shall be brought in the state district court located in Austin, Travis County, Texas. By submitting a Proposal, a Proposer is deemed to waive the right to bring any action in any other court. This section is purely a venue provision and shall not be deemed a waiver of sovereign immunity.

3.3. Contract Elements

- 3.3.1. The Contract between the Texas Lottery and the Successful Proposer will follow the general format specified by the Texas Lottery. The Texas Lottery reserves the right to negotiate provisions in addition to those stipulated in this RFP. The contents of this RFP, as modified by published addenda or amendments, and the Successful Proposer's Proposal, will be incorporated into the Contract. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the written Contract, the RFP, and the Successful Proposer's Proposal. Specific exceptions to this general rule may be noted in the Contract.
- 3.3.2. The Texas Lottery has determined that subcontracting opportunities are probable under this RFP. Therefore, the Texas Lottery requires the submission of an HSP as a part of each Proposal, as discussed further in Part 5 of this RFP. The HSP, if accepted by the Texas Lottery, will become a provision of the Contract.
- 3.3.3. If any term or provision of this RFP or the Contract is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the RFP or Contract shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

3.4. Amendments

The Contract may be amended only by written agreement signed by both parties.

3.5. Non-Waiver

The failure of the Texas Lottery to object to, or to take affirmative action with respect to, any conduct of the Successful Proposer which is in violation or breach of the terms of the Contract shall not be construed as a waiver of the violation or breach, or of any future violation or breach. Nothing in this RFP, or the Contract, shall constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the Texas Lottery Commission, as an agency of the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the Texas Lottery Commission under the Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities, or be considered as a basis for estoppel.

3.6. Clarification of Texas Lottery's Intent

It is the responsibility of the Successful Proposer to address and resolve all questions with the Texas Lottery's designated points of contact, and to achieve a clear understanding of all Texas Lottery requirements during each stage of the Contract Term. The Texas Lottery will use reasonable efforts to provide timely responses to questions of policy or procedure as they may affect the Successful Proposer's performance. Gov't Code §662.003.

3.7. Relationship of the Parties

The Successful Proposer and the Texas Lottery agree and understand that the Successful Proposer shall render the goods, services and requirements under the Contract as an independent contractor, and nothing contained in the Contract will be construed to create or imply a joint venture, partnership, employer/employee relationship, principal agent relationship or any other relationship between the parties. Employees of the Successful Proposer will not be considered employees of the Texas Lottery within the meaning of any federal, state, or local law, ordinance, or regulation including, but not limited to, laws, ordinances, or regulations concerning unemployment insurance, social security benefits, workers compensation, or withholding requirements. The Successful Proposer shall be responsible for complying with any such laws, ordinances, or regulations, and shall indemnify and hold harmless the Texas Lottery from any costs or damages, including attorney's fees, sustained by the Texas Lottery resulting from the Successful Proposer's breach of its obligations under this section. Payments will be made only upon the completion of services or after the delivery of goods authorized in an approved invoice.
- 3.8.2. Under Tex. Gov't Code §2251.025, interest is not due on a payment until it becomes "overdue." A payment is not overdue until the 31st day after the latter of: (1) the date the Texas Lottery receives the goods covered by the contract; (2) the date the performance of service under the contract is completed; or (3) the date the Texas Lottery receives an invoice for the goods or services, according to Tex. Gov't Code §2251.021. Services are "completed" when accepted by the Texas Lottery.
- 3.8.3. The Successful Proposer agrees that if the Texas Comptroller of Public Accounts is prohibited from issuing a warrant to the Successful Proposer under Tex. Gov't Code §403.055, any payments owed to the Successful Proposer under the Contract will be applied towards the debt or delinquent taxes that the Successful Proposer owes the State of Texas until the debt or delinquent taxes are paid in full.

3.9. Assignments

- 3.9.1. No right or obligation of the Successful Proposer under the Contract may be assigned by the Successful Proposer without the prior written approval of the Texas Lottery, and in the event of any such approval, the terms and conditions hereof shall apply to and bind the party or parties to whom the right or obligation is assigned as fully and completely as the Successful Proposer is hereunder bound and obligated. No assignment shall operate to release the Successful Proposer from its liability for the timely and effective performance of its obligations hereunder. Assignments made in violation of this provision shall be null and void.
- 3.9.2. Subject to the limitations on assignment contained herein, the Contract shall inure to the benefit of, and be binding upon, the successors and assigns of the respective parties hereto.

If any part of the Contract between the Texas Lottery and the Successful Proposer is to be subcontracted, the Successful Proposer shall obtain prior written approval from the Texas Lottery, and each Subcontractor shall comply with all applicable requirements of the Texas Lottery and the Contract. The Texas Lottery reserves the sole right to require the Successful Proposer to terminate any Subcontractor with or without cause.
- 3.10.2. In the event the Texas Lottery approves of the use of any Subcontractor under an approved HUB Subcontracting Plan in accordance with Part 5, the Successful Proposer is not relieved of its responsibility and obligation to meet all the requirements of this RFP.
- 3.10.3. The Texas Lottery will incur no additional obligations and the obligations of the Successful Proposer will not be reduced as a result of any such subcontracts.
- 3.10.4. The Successful Proposer agrees to indemnify and hold the Texas Lottery harmless from all claims and actions of the Successful Proposer's Subcontractors. "Unfit" is defined as any person convicted of a felony, criminal fraud, gambling or gambling-related offense or a person convicted of a misdemeanor involving moral turpitude whose sentence, parole, mandatory supervision or probation ended less than ten (10) years ago. (See Section 3.12.) The Successful Proposer shall be responsible to the Texas Lottery for the acts and omissions of the Successful Proposer's employees, agents (including, but not limited to, lobbyists) and Subcontractors and the Successful Proposer shall enforce strict discipline among the Successful Proposer's employees, agents (including, but not limited to, lobbyists) and Subcontractors performing the services under the Contract.

Gov't Code §466.103, the Executive Director of the Texas Lottery is prohibited from awarding a contract for goods or services related to lottery operations to a person or legal entity who would not qualify for a sales agent license under the requirements of Tex. Such background investigations may include fingerprint identification by the Texas Department of Public Safety, the Federal Bureau of Investigation, and any other law enforcement agency. The Successful Proposer also agrees that the Texas Lottery may conduct background investigations of such persons.
- 3.12.4. 3.15. Termination at Will

The Texas Lottery, in its sole discretion, may terminate, in whole or in part, the Contract at will and without cause, upon no less than thirty (30) Days' advance written notice. The Texas Lottery also may terminate the Contract immediately with written notice if the Executive Director, in his or her sole judgment, believes that the integrity or security of the Texas Lottery is in jeopardy and it is in the best interest of the Texas Lottery to do so. The Texas Lottery's right to terminate for convenience the Contract is cumulative of all rights and remedies which exist now or in the future.

3.16. Termination for Cause

The Texas Lottery reserves the right to terminate the Contract, in whole or in part unless otherwise provided by the Federal Bankruptcy Code or any successor law, upon no less than five (5) Days' notice under any of the following conditions:

- a. A receiver, conservator, liquidator or trustee of the Successful Proposer, or of any of its property, is appointed by order or decree of any court or agency or supervisory authority having jurisdiction; or an order for relief is entered against the Successful Proposer under the Federal Bankruptcy Code; or the Successful Proposer is

3.17. Termination Related to Availability of Legislative Appropriations

All obligations of the Texas Lottery are subject to the availability of legislative appropriations, and are subject to statutory restrictions of the Texas Legislature and the Texas Constitution. The Successful Proposer acknowledges the ability of the Texas Lottery to make payments under the Contract is contingent upon the continued availability and authorization for expenditure of funds. The Successful Proposer further acknowledges funds may not be specifically appropriated for the Contract and the Texas Lottery's continual ability to make payments under the Contract is contingent upon the funding levels appropriated to the agency. The Texas Lottery will use all reasonable and lawful efforts to ensure funds are available. The Successful Proposer agrees if future levels of funding for the Texas Lottery are not sufficient to continue operations without operational reductions, the Texas Lottery, in its sole discretion, may terminate the Contract, either in whole or in part. In the event of such termination, the Texas Lottery will not be considered to be in default or breach under the Contract, nor shall it be liable for any damages or other amounts caused by or associated with such termination. 3.23. Intellectual Property Rights

3.23.1. *Ownership.* As between the Successful Proposer and the Texas Lottery, the Works and Intellectual Property Rights in the Works are and shall be owned exclusively by the Texas Lottery, and not the Successful Proposer. The Successful Proposer specifically agrees that all Works shall be considered “works made for hire” and that the Works shall, upon creation, be owned exclusively by the Texas Lottery. To the extent that the Works, under applicable law, may not be considered works made for hire, the Successful Proposer hereby agrees that the Contract transfers, grants, conveys, assigns, and relinquishes exclusively to the Texas Lottery all right, title and interest in and to the Works, and all Intellectual Property Rights in the Works, without the necessity of any further consideration, and the Texas Lottery shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works, subject to any provisions in this Section 3.23 or Section 3.24 below specifically applicable to pre-existing or third party rights.

3.23.2. *Ownership of Prior Rights by the Texas Lottery.* All property and tangible or intangible items, including the Intellectual Property Rights therein, that were created, developed or owned by the Texas Lottery prior to the issuance of this RFP or execution of the Contract, or during the term of the Contract (e.g., copyrights, trademarks, etc.) shall continue to be exclusively owned by the Texas Lottery, and the Successful Proposer shall have no ownership thereof, and no rights thereto, other than the limited, non-exclusive right to use such property or tangible and intangible items (and to authorize Subcontractors to do the same) solely for the purposes set forth in this RFP or the Contract, if any, and only for the duration of such Contract.

- 3.23.3. *Ownership of Prior Rights by the Successful Proposer.* All property and tangible or intangible items, including the Intellectual Property Rights therein, that were created, developed or owned by the Successful Proposer prior to the issuance of this RFP shall continue to be exclusively owned by the Successful Proposer, and the Texas Lottery shall have no ownership thereof, and no rights thereto, other than the limited, non-exclusive right to use such property or tangible or intangible items solely for the purposes set forth in this RFP or the Contract. All tangible and intangible items relating to the goods and/or services set forth herein or under the Contract, including the Intellectual Property Rights in those tangible or intangible items, that were created, developed or licensed by the Successful Proposer prior to the issuance of the this RFP or the execution of the Contract, or during the term of the Contract, to the extent such tangible or intangible items are not considered “Works” as defined above, shall be, and are , licensed to the Texas Lottery on a non-exclusive, perpetual, irrevocable, royalty-free, worldwide basis, to allow the Texas Lottery or its designees to provide, and continue to provide, the goods and services set forth herein or under the Contract, including after the expiration or termination of the Contract (to the extent necessary to complete providing such goods and/or services; e.g., to sell through existing inventory).
- 3.23.4. *Further Actions.* The Successful Proposer, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Texas Lottery to evidence more fully the transfer of ownership of all Works to the Texas Lottery to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Texas Lottery. In the event the Texas Lottery shall be unable for any reason to obtain the Successful Proposer’s signature on any document necessary for any purpose set forth in the foregoing sentence, the Successful Proposer hereby irrevocably designates and appoints the Texas Lottery and its duly authorized officers and agents as the Successful Proposer’s agent and the Successful Proposer’s attorney-in-fact to act for and in the Successful Proposer’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Successful Proposer.
- 3.23.5. *Waiver of Moral Rights.* The Successful Proposer hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which the Successful Proposer may now have or which may accrue to the Successful Proposer’s benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term “Moral Rights” shall mean any and all rights of paternity or integrity of the Works, the right to object to any modification, translation or use of the Works, any automatic reversion or right to demand a reversion of ownership of the Works or Intellectual Property Rights therein from the Texas Lottery to the Successful Proposer, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

- 3.23.6. *Confidentiality*. All Works and all materials forwarded to the Successful Proposer by the Texas Lottery for use in and preparation of the Works, shall be deemed the confidential information of the Texas Lottery, and the Successful Proposer shall not use, disclose, or permit any person to use or obtain the Works, or any portion thereof, in any manner without the prior written approval of the Texas Lottery.
- 3.23.7. *Injunctive Relief*. The RFP and the Contract are intended to protect the Texas Lottery's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Texas Lottery's business. Therefore, the Successful Proposer acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property, licensing, and confidentiality provisions of the RFP or Contract, upon a request by the Texas Lottery, without requiring a bond or proof of irreparable injury, as same should be presumed.
- 3.23.8. *Return of Works*. Upon the request of the Texas Lottery, but in any event upon expiration or termination of the Contract, the Successful Proposer shall surrender to the Texas Lottery all documents and things pertaining to the Works, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by the Successful Proposer or furnished by the Texas Lottery to the Successful Proposer, including all materials embodying the Works, any Texas Lottery confidential information, or Intellectual Property Rights, regardless of whether complete or incomplete. Lottery of such pre-existing or third party rights, request the Texas Lottery's approval of such rights, obtain a limited right and license to use such pre-existing or third party rights on such terms as may be reasonably negotiated, and obtain the Texas Lottery's written approval of such pre-existing or third party rights and the limited use of same. The Successful Proposer shall provide the Texas Lottery with documentation indicating a third party's written approval for the Successful Proposer to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works.

The Successful Proposer shall indemnify, defend and hold the Texas Lottery harmless from and against any and all claims, demands, regulatory proceedings and/or causes of action, and all losses, damages, and costs (including attorneys' fees and settlement costs) arising from or relating to, directly or indirectly, any claim or assertion by any third party that the Works infringe any third-party rights. The foregoing indemnity obligation shall not apply to instances in which the Texas Lottery either (y) exceeded the scope of the limited license that was previously obtained by the Successful Proposer and agreed to by the Texas Lottery, or (z) obtained information or materials, independent of the Successful Proposer's involvement or creation, and provided such information or materials to the Successful Proposer for inclusion in the Works, and such information or materials were included by the Successful Proposer, in an unaltered and unmodified fashion, in the Works.

- 3.24.2. The Successful Proposer agrees that it shall have and maintain, during its performance of the Contract, written agreements with all employees, Subcontractors, or agents engaged by the Successful Proposer in performance hereunder, granting the Successful Proposer rights sufficient to support all performance and grants of rights by the Successful Proposer. Copies of such agreements shall be provided to the Texas Lottery promptly upon request.

3.25. Remediation

If the Works or the Intellectual Property Rights therein become the subject of a lawsuit or claim of infringement, or the Successful Proposer becomes aware that such items are likely to become the subject of a lawsuit or claim of infringement, the Successful Proposer shall exercise one (1) of the following two (2) options in order to provide the Texas Lottery with continued and uninterrupted use of the Works and Intellectual Property Rights therein: (a) obtain for the Texas Lottery the right to continue the use of the alleged infringing Works at no additional cost to the Texas Lottery, or (b) obtain alternative, substitute or new Works for the allegedly infringing Works, which are of equivalent or superior quality to the allegedly infringing Works, at no additional cost to the Texas Lottery, and subject to the acceptance of the Texas Lottery in its sole discretion.

These records shall be available to the Texas Lottery, its internal auditors or external auditors (and other designees) and the Texas State Auditor at all times during the Contract period and for a period of seven (7) full years after (i) the expiration date of the Contract, or (ii) final payment under the Contract, whichever is later.

3.27. Right to Audit

The Successful Proposer understands that acceptance of state funds under the Contract acts as acceptance of the authority of the State Auditor's Office, or its designee, to conduct an audit, other assurance services, or investigation, including providing all records requested. The Successful Proposer will ensure that this provision concerning the State Auditor's Office's authority to audit state funds and the requirement to cooperate fully with the State Auditor's Office is included in any subcontracts it awards. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, audit documentation, work papers, and records of the Successful Proposer relating to the Contract for any purpose.

The Texas Lottery will withhold sanctions from payments to the Successful Proposer, or, if no payments are to be made, the Texas Lottery will make demand of payment of sanctions. The Successful Proposer shall make payment within thirty (30) Days of the Texas Lottery's demand. - 4.5.2. This is a continuing disclosure requirement. The Successful Proposer shall disclose to the Texas Lottery in writing any actual, potential or perceived conflict of interest, relative to the performance of the requirements of this RFP, both prior to Contract Award and after Contract Award through the term of the Contract, at the time the conflict is identified. Failure to promptly notify the Texas Lottery may be a cause for rejecting the Proposal, sanctioning the Successful Proposer, or exercising any other appropriate remedy under the Contract.

4.6. Financial Soundness

- 4.6.1. Each Proposer shall provide evidence of financial responsibility and stability for performance of the Contract and shall demonstrate the ability to finance the project described in its submission.

- 4.6.2. Each Proposer shall provide evidence of financial responsibility and stability based on any and/or all of the following:

If a Proposer experiences a substantial change in its financial condition prior to the award of the Contract, or if the Successful Proposer experiences a substantial change in its financial condition during the the Contract Term, the Texas Lottery shall be notified of the change in writing at the time the change occurs or is identified. Failure to notify the Texas Lottery of such substantial change in financial condition will be sufficient grounds for rejecting the Proposal or terminating the Contract. For the purposes of this section, examples of a substantial change in financial condition are events such as insolvency, bankruptcy or receivership.

4.7. Background Investigations

4.7.1. Vendor Background Investigation. Under Tex. Gov't Code §466.103, the Executive Director of the Texas Lottery is prohibited from awarding a contract for goods or services related to lottery operations to a person or legal entity who would not qualify for a sales agent license under the requirements of Tex. Gov't Code §466.155.

The Texas Lottery Commission may initiate investigations into the backgrounds of (a) any Apparent Successful Proposer; (b) any of the Apparent Successful Proposer's officers, directors, investors, owners, partners and other principals, as more particularly described in Tex. Gov't Code §466.155 (collectively, Apparent Successful Proposer Principals); (c) any of the Apparent Successful Proposer's employees; (d) any of the Apparent Successful Proposer's Subcontractors, or the Subcontractors' officers, directors, investors, owners, partners, principals or employees (collectively, Subcontractor Personnel); or (e) any other associates of the Apparent Successful Proposer it deems appropriate. The Texas Lottery Commission may also request background information for a spouse, child, brother, sister or parent residing as a member of the same household in the principal place of residence of the Apparent Successful Proposer, any Apparent Successful Proposer Principals, or Apparent Successful Proposer employees described above. Such background investigations may include fingerprint identification by the Texas Department of Public Safety and the Federal Bureau of Investigation, and any other law enforcement agency.

The Apparent Successful Proposer shall be obligated to provide such information about any Apparent Successful Proposer Principals, Apparent Successful Proposer employees, and Subcontractor Personnel as the Texas Lottery may prescribe. The Apparent Successful Proposer also agrees that the Texas Lottery may conduct background investigations of such persons. The Texas Lottery may reject a Proposal and/or terminate the Contract based solely upon the Apparent Successful Proposer's failure to provide information to complete a background investigation or the results of these background investigations.

4.7.2. Contractually Defined Vendor Principal(s) Background Investigation. The Texas Lottery may initiate background investigations on the Apparent Successful Proposer Principals who will be directly involved in selling or leasing the goods or performing the services that are the subject of this RFP or the Contract. This includes any oversight function performed by such individuals. For purposes of this section, these individuals are called "contractually defined vendor principals."

4.7.3. Vendor Employee Background Investigations. The Successful Proposer agrees that, during the the Contract Term, it shall be obligated to provide such information about any principals, employees, and Subcontractor Personnel as the Texas Lottery may prescribe. The

Successful Proposer also agrees that the Texas Lottery may conduct background investigations of such persons.

The Texas Lottery will conduct vendor employee background investigations on any of the Successful Proposer's principals, employees, and Subcontractor Personnel who meet one (1) or more of the following criteria:

- they perform services that may impact the security and integrity of the core gaming business as determined by the Texas Lottery;
- they provide audit, financial, legal, or compliance services;
- they provide goods and/or services that control or monitor access to lottery premises;
- they have unescorted access to TLC facilities; and/or
- they have direct access to TLC information systems.

4.7.4. Apparent Successful Proposer. If requested by the Texas Lottery, the Apparent Successful Proposer may be required to complete and return background forms within ten (10) Working Days, or as otherwise directed by the Texas Lottery, after the written Announcement of the Apparent Successful Proposer is issued:

4.8. Disclosure of Interested Parties

Tex. Gov't Code §2252.908 states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295) to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The Texas Ethics Commission has adopted rules requiring the business entity to file Form 1295 electronically with the Ethics Commission (See <https://www.ethics.state.tx.us/rules/commission/ch46.php>). If requested by the Texas Lottery, the Apparent Successful Proposer may be required to complete and file the Form 1295 with the Ethics Commission after the written Announcement of the Apparent Successful Proposer is issued and prior to contract execution.

5. HISTORICALLY UNDERUTILIZED BUSINESS (HUB) PARTICIPATION

5.1. HUB Requirement

The Texas Lottery has adopted the rules promulgated by the Comptroller of Public Accounts (CPA) regarding Historically Underutilized Businesses (HUBs) in 34 Texas Administrative Code (TAC) §§ 20.281 – 20.298 (See [https://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC?tac_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y](https://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC?tac_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y)). By submitting a Proposal, the Proposer certifies that it has reviewed 34 TAC §§ 20.281 - 20.298. Rule 20.285 addresses the specific requirements of Historically Underutilized Business subcontracting plans (HSPs).

5.2. HSP Submission and Texas Lottery Review

5.2.1. All proposals shall include an HSP (Attachment C, including Method A or B, if applicable) in the format required by the CPA. Proposers may access the HSP forms on-line at the following CPA website link: <https://www.comptroller.texas.gov/purchasing/vendor/hub/forms.php>. The forms shall be printed, signed and submitted with your Proposal. The HSP is a pass/fail requirement. PROPOSALS THAT DO NOT INCLUDE A COMPLETED HUB SUBCONTRACTING PLAN PREPARED IN ACCORDANCE WITH 34 TAC §20.285 SHALL BE REJECTED AND WILL NOT BE EVALUATED.

5.2.2. The HSP form is provided in Attachment C of this RFP. To determine whether a Proposer has performed a good faith effort in preparing its HSP as required by the CPA's HUB rules, the Texas Lottery may request clarifications, if necessary. The HSP will be reviewed based on the Proposer's submission and any clarifications requested by the agency.

5.3. Assistance for Preparation of HSP

5.3.1. *Pre-Proposal Conference*. Proposers are encouraged to attend the pre-Proposal conference, which will include a brief overview of the HSP requirements. Proposers may ask questions at the pre-Proposal conference regarding the HSP. A copy of the TLC's Pre-Bid/Proposal Conference Booklet regarding HSP requirements is available on the agency's website at:

https://www.texaslottery.com/export/sites/lottery/About_Us/Doing_Business_with_TLC/Procurement/ Proposers should review the HSP booklet thoroughly to ensure they fill out and submit all forms correctly.

5.3.2. *HSP Quick Check List and HUB Subcontracting Opportunity Notification Form*. Attached to this RFP are an HSP Quick Check List (Attachment C-1) prepared by the CPA and a HUB

Subcontracting Opportunity Notification Form (Attachment C-2). Attachment C-1 is intended to assist Proposers in preparing the HSP forms, but is not required to be submitted with Proposals. Proposers are encouraged to use Attachment C-2 when sending notice of subcontracting opportunities.

5.3.3. Additional TLC Assistance. As stated above, if an HSP is rejected, the Proposal will be disqualified and will not be considered. **Therefore, Proposers are strongly encouraged to start preparing HSP forms as soon as possible and take advantage of the following TLC assistance. Please note there are deadlines associated with this process and Proposers have a limited amount of time to cure any deficiencies.**

- Written questions regarding the HSP can be submitted at any time up until the Proposal deadline. The TLC will compile and post a separate HSP question-and-answer document on the TLC website. The document will be updated as questions are submitted. It is the Proposer's responsibility to check the TLC website for this information.
- The TLC will conduct one-on-one HSP workshops with Proposers upon request. The workshops will cover detailed information on how to complete the HSP forms. Workshops shall be concluded by the date and time listed in the Schedule of Events. Workshops due to gathering restrictions may be conducted via Zoom, TEAMS or telephone conference. Proposers are responsible for contacting the Texas Lottery to schedule a workshop during the specified time period. Proposers may schedule workshops up until the final date listed in the Schedule of Events.
- The TLC will review and provide individual written feedback on draft HSP forms submitted by Proposers. Draft HSP forms shall be submitted by the date and time listed in the Schedule of Events. Upon request, the TLC may also provide verbal feedback.

Note that "draft HSP forms" consist only of the forms included in Attachments C, and C-2 of the RFP and documentation related to performance of the good faith effort. In reviewing draft forms, the TLC will not comment on responses to any other sections of the RFP, even if they are referred to in the HSP forms. Proposers are instructed not to submit any other portions of their Proposal to the TLC as part of the draft HSP.

One-on-one workshops and the TLC's review of draft HSP forms do not guarantee that the HSP submitted with the Proposal will pass.

5.4. Requirements for Completing the HSP Forms

5.4.1. TLC's HUB Participation Goal. The goods and/or services requested in this RFP are classified in the category of Other Services Contracts. The agency's HUB participation goal for this RFP is 23.4%.

5.4.2. Requirements of the HUB subcontracting plan. Each Proposer shall complete the HSP forms prescribed by the CPA (Attachment C) and provide the following:

- a. a certification the Proposer has made a good faith effort to meet the requirements of 34 TAC §20.285;
- b. the names of the subcontractors that will be used during the course of the Contract;
- c. the expected percentage of work to be subcontracted; and
- d. the approximate dollar value of that percentage of work.

Each Proposer shall provide all documentation required by the agency to demonstrate the Proposer's compliance with the good faith effort requirements prior to Contract Award. If a Proposer fails to provide supporting documentation (phone logs, fax transmittals, electronic mail, etc.) by the deadline specified by the agency, the Proposal shall be rejected for material failure to comply with Tex. Gov't Code §2161.252(b).

5.4.3. Proposer Intends to Subcontract

Proposers who intend to subcontract any portion of the Contract shall indicate in the HSP form that they intend to subcontract, and shall perform one of the three good faith effort methods identified below.

- **Method A (1): Using 100% HUB Subcontractors.** Proposer will use only Texas-certified HUBs for all identified subcontracting opportunities.
- **Method A (2): Meeting the Specified HUB Contract Goal.** Proposer will use a combination of Texas-certified HUBs and Non-HUB vendors for the identified subcontracting opportunities, however, the specified HUB contract goal can only be met by the subcontracting opportunities awarded to the Texas-certified HUB vendors with whom the Proposer has contracted for five years or less.
- **Method B: Good Faith Effort Outreach.** Proposer will perform good faith effort outreach for each identified subcontracting opportunity by contacting at least three Texas-certified HUBs and two trade organizations or development centers that serve members of the HUB groups. **Proposers using this method shall perform the outreach even for areas where a Proposer has a pre-existing subcontracting relationship.**

PROPOSERS WHO INTEND TO SUBCONTRACT, AT A MINIMUM, SHALL USE ONE OF THE METHODS OUTLINED ABOVE. FAILURE TO DO SO WILL RESULT IN DISQUALIFICATION.

5.4.4. Proposer Does Not Intend to Subcontract

Proposers who intend to fulfill the entire Contract using only their own existing resources and employees, without subcontracting, should check the appropriate box in Section 2 of the HSP form and complete Sections 3 and 4 of the form.

The Proposer shall explain how all functions of the Contract will be performed without the use of Subcontractors and should refer to Section 3 of the HSP form.

5.5. Subcontracting Opportunities

5.5.1. The Texas Lottery has identified the following potential subcontracting opportunities under this RFP. Proposers intending to subcontract any shall perform the good faith effort detailed in the HSP instructions and include a compliant HSP with the Proposal.

CLASS 175 CHEMICAL LABORATORY EQUIPMENT AND SUPPLIES

CLASS 490 LABORATORY EQUIPMENT, ACCESSORIES AND SUPPLIES: GENERAL ANALYTICAL AND RESEARCH FOR NUCLEAR, OPTICAL, AND PHYSICAL

Item Numbers and Commodity Descriptions:

ALL

CLASS 918 CONSULTING SERVICES

Item Numbers and Commodity Descriptions:

5.5.2. The potential subcontracting opportunities listed above may or may not be areas that a Proposer would subcontract, depending on that Proposer's existing resources, employees, and business model. Further, Proposers are not limited to the list above, and may identify additional areas of subcontracting. Proposers who intend to subcontract are responsible for identifying all areas that will be subcontracted and shall submit a completed HSP demonstrating evidence of good faith effort in developing that plan.

5.5.3. A list of HUB vendors registered with the CPA for the subcontracting opportunities identified above is included under the HUB/CMBL tab of this RFP. This list is provided as a resource to assist Proposers in preparing and submitting an HSP. The Texas Lottery Commission does not endorse, recommend or attest to the capabilities of any company or individual listed. Note that currently active Texas-certified HUBs will have a status code of "A." All other status codes indicate that a vendor is inactive or not a HUB.

5.5.4. Please refer to the HUB/CMBL Directory Instructions and HUB Vendor Reference Lists under the HUB/CMBL tab of this RFP to locate potential HUB Subcontractors.

5.6. Post-Contract Award

5.6.1. Notification of Subcontractors

Following Contract Award, the Successful Proposer shall provide notice to all subcontractors (HUBs and Non-HUBs) of their selection for the awarded Contract. The Successful Proposer is also required to provide a copy of each notice to the agency's HUB Coordinator for the Contract no later than ten (10) Working Days after the Contract is awarded. Proposers should refer to Section 4 of the HSP form for additional information about this requirement.

5.6.2. HSP Changes

Following Contract Award, any proposed changes to the HSP shall be submitted, in writing, by the Successful Proposer to the Texas Lottery for prior review and shall be approved by the Texas Lottery in writing before becoming effective under the Contract.

5.6.3. HSP Reporting

Following Contract Award, if the Successful Proposer is subcontracting, the Successful Proposer shall maintain business records documenting compliance with the HSP and shall submit a monthly compliance report in the format required by the Texas Lottery. The monthly compliance report shall be submitted to the Texas Lottery by the 10th of the following month or on the date requested by the agency's HUB Coordinator or his/her designee. The submission of the monthly compliance report is required as a condition of payment.

6. SCOPE OF SERVICES

This section defines the scope of the services to be performed by the Successful Proposer as part of this RFP for Lottery Products Testing Services.

6.1. Introduction

- 6.1.1. The Successful Proposer shall be responsible for conducting tests and evaluations to ensure the security, integrity and “playability” of Texas Lottery products, which include Scratch Ticket games, Draw Game Paper Stock and other lottery products. Also, at the Texas Lottery’s request, the Successful Proposer shall advise the Texas Lottery on any technological advances and on security features and improvements in lottery products.
- 6.1.2. The Successful Proposer shall test and evaluate Texas Lottery products to assess durability, security and alterability using standards developed by the Successful Proposer and approved by the Texas Lottery. The Successful Proposer shall provide all equipment, chemicals, labor, materials and services necessary to test and evaluate the products.
- 6.1.3. The Successful Proposer shall be required to test all Texas Lottery products at the agency’s request, although the primary focus will be testing Scratch Ticket games. The Texas Lottery’s Scratch Ticket game manufacturers produce tickets that are printed on paper stock, recycled paper stock, recyclable paper, foil stock, plastic stock and holographic paper stock in various sizes (e.g., 2.4” x 4” -12”x 4”). Each manufacturer uses its own type of chemical formulas which may include solvent- or water-based chemicals, or a combination of the two. The Successful Proposer’s test standards shall cover all Scratch Ticket game variations and be adaptable to address advances in Scratch Ticket game manufacturing during the Contract Term
- 6.1.4. The Successful Proposer shall test lottery products until a conclusive result is reached. Additional tests, including re-tests, conducted as a result of inconclusive test results will be performed by the Successful Proposer at no additional cost to the Texas Lottery.
- 6.1.5. At the Texas Lottery’s request, the Successful Proposer shall be required to test and evaluate paper stock used to produce Draw Game Tickets. Currently, the Texas Lottery’s lottery operator provides thermal paper stock for Draw Game Tickets. The Successful Proposer shall be able to test and evaluate various types of paper stock (See Section 1.1.7)
- 6.1.6. At the Texas Lottery’s request, the Successful Proposer may be required to test other Lottery products (e.g., non-standard tickets) or conduct miscellaneous testing services for new and emerging products. These services may also include testing services requested by one of the Texas Lottery’s Scratch Ticket manufacturers with the agency’s prior approval (See Section 6.9).

6.2. Scratch Ticket Game Testing

Proposers shall provide established general ticket testing standards and detailed summaries of each test for each type of Scratch Ticket game design utilized by the Texas Lottery. Testing standards should be based on the following criteria:

- 6.2.1. Durability Criteria. Tickets are expected to withstand temperature variations; accidental washing; and exposure to heating appliances commonly found in convenience stores and homes (e.g., microwaves, heat lamps, hot dog cookers, etc.) and still be readily saleable. Proposers shall provide detailed criteria to assess the ticket's ability to withstand likely environmental conditions. Items to consider include, but are not limited to, ink density, Scratch Ticket coating, and Scratch Ticket paper stock.
- 6.2.2. Security Criteria (Security Risk). The Texas Lottery strives to limit compromises of the game data by those attempting to pre-determine if tickets are winning tickets. All reasonable measures are taken to ensure the highest quality and most secure ticket is offered for Texas Lottery players. Therefore, tickets shall be evaluated to determine what security risk they have. Proposers shall provide detailed criteria to assess attempts at exposing game data which leaves little or no apparent evidence of tampering, but still leaves the ticket in a saleable condition. Criteria to consider should include the amount of time it takes to compromise the ticket data, whether the supplies used are readily available, and the simplicity or complexity of the technique.
- 6.2.3. Alterability Criteria. Tickets will be evaluated to determine if they are sufficiently secure to withstand attempts to change a non-winning ticket into a redeemable winning ticket and/or increase the prize amount on a winning ticket. Common alteration methods include cut and paste, ink alterations, reproduction and game data removal. The information gathered from the evaluations will be used to improve future game designs.

6.3. Standard Tests for Scratch Ticket Games

Tests identified below are summaries of generally accepted standard tests for the lottery industry and are the required minimum tests that the Successful Proposer shall be required to perform for the Texas Lottery. The Texas Lottery recognizes that test names may vary; however, the purpose of each test is the focus. Proposers shall provide a detailed summary stating how each test will be performed. In addition, Proposers shall include any additional tests (including the purpose and detailed summary) they consider responsive in meeting the testing criteria for Texas Lottery games. Every game may not be subjected to each standard test; rather, the Successful Proposer will determine the appropriate test based on ticket construction, Scratch Ticket paper stock and other design/manufacturing features. The Proposer shall clearly state how each type of ticket (i.e., paper, recycled paper stock, recyclable paper, foil, plastic stock and holographic stock) will be tested. The Successful Proposer shall be responsible for establishing,

subject to Texas Lottery approval, general ticket testing procedures for various types of Scratch Ticket games.

The Successful Proposer and the Texas Lottery will regularly review the standard tests for Texas Lottery tickets and at any time may consider the addition or elimination of one or more standard tests based on necessity, benefits, or effectiveness of substituted methods. Subsequent tests may be developed based upon newly acquired industry information or advancements in ticket technology and may be added to the standard testing protocol. The Texas Lottery reserves the right to add or eliminate up to three (3) standard tests to the standard testing protocol at any time during the Contract Term at no additional costs. The Texas Lottery's current lottery products testing protocol includes thirty (30) standard tests per game.

In the event of a disputed test result, the Texas Lottery may require the Successful Proposer to conduct additional tests at no additional cost to the Texas Lottery.

The Texas Lottery holds some tickets in its warehouse as stock (i.e., Shelf Games) and, as a result, may request that Shelf Games be re-tested prior to being released for sale. The Texas Lottery, in consultation with the Successful Proposer, will review prior testing reports and prescribe which additional tests will be conducted on each individual Shelf Game.

6.3.1. Scratch Ticket Coating Removal Test:

Purpose is to determine the amount of force needed to remove the Scratch Ticket coating.

6.3.2. Environmental Exposure Tests:

Purpose is to determine the durability of the tickets and their susceptibility to compromise following exposures to intense light, heat, humidity, water, and/or steam.

6.3.3. Washing Test:

Purpose is to determine the durability of tickets when exposed to conditions that would simulate "accidental" machine washing.

6.3.4. Bar Code Measurements and Evaluations:

Purpose is to ensure the quality of all validation bar codes (i.e., Interleave 2 of 5, PDF 417 and Code 128) is sufficiently compatible with the electronic equipment that reads the bar code and is not susceptible to compromise. (TLC will provide the Successful Proposer with equipment currently used by Retailers.)

6.3.5. Micro-scratching:

Purpose is to determine if a ticket's play design, overprint layers and protective coatings are capable of preventing determination of winning status by micro-scratching the ticket.

6.3.6. Chemical Exposure Tests:

Purpose is to determine susceptibility to compromise with commonly available chemicals and chemical fumes. The testing should include delamination of the tickets and use of various light sources following exposure.

6.3.7. Electrostatic/Magnetic Test:

Purpose is to determine the potential for compromise of game data after electrical charging or exposures to magnetic sources.

6.3.8. Mechanical Lift Tests:

Purpose is to determine the Scratch Ticket coating's susceptibility to compromise by lifting and replacing it onto the ticket using tools, sprays, or other items.

6.3.9. Ultraviolet Examination:

Purpose is to evaluate the ultraviolet security features that may or may not be present on the ticket.

6.3.10. Light Source Examinations:

Purpose is to assure that the Scratch Ticket coating provides sufficient protection to prevent decoding game data using the naked eye, an instrument using magnification, and/or various light sources. The testing should include delamination of the ticket.

6.3.11. Alterations:

Purpose is to determine if a ticket's play design is capable of preventing or exposing alteration attempts such as cut and paste, hand alterations, color copy reproduction and computer counterfeiting.

6.4. Scratch Ticket Game Reports

6.4.1. Each Proposer shall provide with its Proposal an example of a proposed summary report and a final report which includes examples of altered or tested tickets. Texas Lottery will provide sample tickets for testing upon request. Reports shall demonstrate how the Proposer will document testing protocols, results, and conclusions.

6.4.2. The Successful Proposer shall include a statement in the summary and final reports as to whether a game passed or failed the testing protocol. All reports shall be identified by game

name and number. The summary report shall briefly confirm whether the evaluated tickets met the required specifications with any relevant comments added. The final report shall fully describe and document all tests performed and shall contain the Successful Proposer's conclusions as to whether the tickets passed or failed the testing protocols at the time of testing. The Successful Proposer shall provide a narrative describing all deficiencies which could adversely affect the ticket's durability, security, and alterability. The Successful Proposer shall also include with the final report samples of tested tickets showing each method of ticket alteration and any identified deficiencies.

6.4.3. The Successful Proposer shall be responsible for establishing, subject to Texas Lottery approval, the summary and final report format. The Successful Proposer shall stamp all reports "confidential."

6.4.4. The Successful Proposer shall transmit (via electronic mail) summary reports to the Texas Lottery Security Manager no later than 5 p.m. (CT) on the third working day after the Successful Proposer receives the samples. The Successful Proposer shall submit a final written report via overnight delivery to the Texas Lottery Security Manager within ten (10) working days from receipt of samples. These deadlines shall apply to all tested Scratch Ticket games, unless the Successful Proposer submits a written request (before the deadline) to the Texas Lottery Security Manager to change the delivery date; the Texas Lottery, in its sole discretion, may approve or deny such requests.

6.4.5. The Texas Lottery, in its sole discretion, reserves the right to request summary reports within two (2) working days after the Successful Proposer receives samples. Such requests shall be in writing.

6.4.6. The Texas Lottery Commission reserves the right to use and reproduce all reports and data produced by the Successful Proposer and, in the Texas Lottery's sole discretion, to disseminate the same to persons within the Texas Lottery Commission or to other persons it deems appropriate.

6.5. Rating Methodology for Scratch Ticket Games

Proposers shall provide a sample rating system, which they have developed based on general ticket testing practices. Each Proposer shall describe the method used to establish its rating system. At minimum, the rating system shall include the security criteria used by the Proposer in responding to Section 6.11. The Texas Lottery reserves the right to review and suggest changes to the Successful Proposer's rating system at any time during the Contract Term.

6.6. Draw Game Paper Stock Testing

At the Texas Lottery's request, the Successful Proposer shall be required to test and evaluate paper stock used to produce Draw Game Tickets, including receipt paper. An

industry standard for testing Draw Game Paper Stock has not been developed; however, the Texas Lottery has identified tests (see below) that may be conducted on Draw Game Paper Stock. Proposers shall provide a detailed summary stating how each test will be performed. The Texas Lottery recognizes that test names may vary; however, the purpose of each test is the focus. In addition, Proposers shall include any additional recommended tests (including the purpose and a detailed summary) evaluating Draw Game Paper Stock. A pass/fail rating is not assigned to tests conducted on the Draw Game Paper Stock.

6.6.1. High Temperature, Low Temperature and High Humidity Exposure

Purpose is to determine the effects of heat, cold and humidity on the Draw Game Paper Stock.

6.6.2. Chemical Exposure

Purpose is to determine the effects of various chemical exposures.

6.6.3. Ultraviolet (UV) Light Examination

Purpose is to determine if ultraviolet security features are present.

6.6.4. Heat Lamp Exposure

Purpose is to determine the effects of exposure to a heat lamp.

6.6.5. Steam Test

Purpose is to determine the effects of exposure to steam.

6.6.6. Microwave Examination

Purpose is to determine the effects of a microwave oven.

6.6.7. Laser Printer and/or Copier Examination

Purpose is to determine the effects of laser printers and/or copiers.

6.6.8. Iron Test

Purpose is to determine the effects of heat from an iron.

6.6.9. Wash Test

Purpose is to determine the durability of Draw Game Paper Stock when exposed to conditions that would simulate “accidental” machine washing.

6.7. Reports for Draw Game Paper Stock

- 6.7.1. The Successful Proposer shall be responsible for establishing, subject to Texas Lottery approval, the final report format. The Successful Proposer shall identify a schedule for receipt of the final report that is subject to the Texas Lottery's approval.
- 6.7.2. The final report shall fully describe and document all tests performed and shall contain the Successful Proposer's narrative describing all deficiencies which could adversely affect the paper stock's durability and security. The Successful Proposer shall also include with the final report samples of tested paper stock showing the results of each test.
- 6.7.3. The Successful Proposer shall follow the same shipment and confidentiality requirements in submitting reports for Draw Game Paper Stock as those established for Scratch Ticket games in Section 6.4.

6.8. Notification for Scratch Ticket Games and Draw Game Paper Stock

- 6.8.1. The Successful Proposer shall notify the Texas Lottery Security Manager, via electronic mail, of the date and time the test sample Packs and/or Draw Game Paper Stock was received. The Successful Proposer shall provide this notice as soon as possible, but no later than 5 p.m. CST on the day the sample Packs and/or Draw Game Paper Stock is received. The Successful Proposer's notice shall include the tracking number on the shipping documents so the Texas Lottery can confirm the date/time of delivery. If there is a dispute between the shipping company's date/time of delivery and the Successful Proposer's receipt, the Successful Proposer shall provide proof of the receipt date/time.
- 6.8.2. The Successful Proposer shall notify the Texas Lottery Security Manager, via electronic mail, of the date and time the final report was sent to the Texas Lottery. The Successful Proposer shall provide this notice as soon as possible, but no later than 5 p.m. CT on the day the report was sent. The notification shall include the tracking number on the shipping documents.
- 6.8.3. The Successful Proposer shall immediately notify the Texas Lottery Security Manager of any matters that, in the Successful Proposer's reasonable judgment, require immediate attention to ensure Scratch Ticket and/or Draw Game Paper Stock security. The Successful Proposer shall communicate this information first by telephone then, if requested, by electronic mail. The incident shall also be documented in the summary and final evaluation reports.

6.9. Tests for Other Texas Lottery Products (Non-Standard Ticket items)

The Successful Proposer may be required to test and evaluate new Scratch Ticket game concepts or other non-standard Texas Lottery products (e.g., oversized tickets, wallets, game books, draw game play cards, new ticket features). When these requests are made, both parties will jointly develop and agree in writing to the tests to be conducted (based on the tests detailed in this Part 6), the delivery schedule for any summary and final reports, and the estimated hours which will be billed. The hourly rate for non-standard Texas Lottery products in the Cost Proposal will apply to testing services provided by the Successful Proposer under this Section 6.9. The Successful Proposer shall receive written approval via email from the Texas Lottery Security Manager before beginning any tests. Similarly, any changes shall be pre-approved in writing by the Texas Lottery Security Manager. In no event shall payments to the Successful Proposer for testing services exceed the amount of the agreed upon quote provided unless otherwise approved by the Texas Lottery Security Manager.

6.10. Successful Proposer's Contact with the Texas Lottery's Primary Vendors

- 6.10.1. The Successful Proposer shall have no direct or indirect contact or conversations with the Texas Lottery's primary vendors regarding Texas Lottery products unless an authorized Texas Lottery representative is present or participates (e.g., via conference call). The Successful Proposer shall notify the Texas Lottery Security Manager as soon as practical if the Successful Proposer is contacted by one of the Texas Lottery's primary vendors for products testing services that may or may not affect a Texas Lottery game.
- 6.10.2. Upon request of the Texas Lottery, the Successful Proposer may be required to test and evaluate other products or processes developed by one of the Texas Lottery's primary vendors. When these requests are made, the Texas Lottery and the Successful Proposer will jointly develop and agree in writing to the tests to be conducted (based on the tests detailed in this Part 6), the delivery schedule for any reports, and the estimated hours which will be billed. The hourly rate for non-standard Texas Lottery products in the Cost Proposal will apply to testing services provided by the Successful Proposer under this Section 6.10. The Successful Proposer shall receive written approval via email from the Texas Lottery Security Manager before beginning any tests. Similarly, any changes shall be pre-approved in writing by the Texas Lottery Security Manager. In no event shall payments to the Successful Proposer for testing services exceed the amount of the agreed-upon quote provided unless otherwise approved by the Texas Lottery Security Manager. The Texas Lottery will pay the Successful Proposer for testing services and then seek reimbursement from the requesting vendor.

6.11. Security Specifications

It is intended that all sections of this RFP have implied the essential need for security, though such may not be explicitly stated. The Proposer shall make clear and specify the precautions, safeguards, inspections, reporting, and other measures included in the Proposal.

6.12. Business Resumption Plan

The Successful Proposer shall be required to perform all functions included in the RFP from another location, approved by the Texas Lottery, if the Successful Proposer's primary location is unavailable.

6.13. Offered Options

Offered Options are not identified in this RFP, but may be identified by the Proposer and included in the Proposal. This is an opportunity for Proposers to offer options that the Texas Lottery may not have been aware of at the time the RFP was written. The Texas Lottery makes no commitment to quantity or timing for acquisition of Offered Options. A Proposer is not obligated to include an Offered Option in the Proposal.

HUB SUBCONTRACTING PLAN

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

After dividing the contract work into reasonable lots or portions to the extent consistent with prudent industry practices, and taking into consideration the scope of work to be performed under the proposed contract, including all potential subcontracting opportunities, the respondent must determine what portions of work, **including contracted staffing, goods and services will be subcontracted**. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). - The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

HUB SUBCONTRACTING OPPORTUNITY NOTIFICATION FORM

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in Section B has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in Section C, Item 2, reply no later than the date and time identified in Section C, Item 1. Submit your response to the point-of-contact referenced in Section A.

LOTTERY PRODUCTS TESTING SERVICES
**Identified HUB Vendors by CMBL Class
and Commodity Description**

Using the Centralized Master Bidders List – HUB Directory to Locate Historically Underutilized Businesses (HUBs)

General Information

As part of the good faith effort outreach process (Method B), Bidders/Proposers are responsible for utilizing the Centralized Master Bidders List (CMBL) - HUB Directory to locate potential HUB subcontractors. The list is maintained by the Texas Comptroller of Public Accounts (CPA). Bidders/Proposers using Methods A (1) or A (2) should use the database to verify the HUB status of all subcontractors listed/notified in their HSP. The Texas Lottery Commission does not endorse, recommend or attest to the capabilities of any company or individual listed.

The database may be accessed via the internet at:

<https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do>

The CMBL - HUB Directory is a “live” database that is updated on a continuous basis. **NOTE: Vendors who are currently HUB certified will have a HUB status of “A- Active” when viewed in the Detail List format. When viewing a vendor’s complete profile, a certified HUB will show a HUB status of “Active Bidder (A – Approved; Active Texas certified HUB).” All other HUB status codes indicate that a vendor is either inactive or not a HUB.** Be sure to list or solicit only HUB vendors who are certified at the time that you are preparing the HSP.

When using Method B, you must also access the following list on the CPA website to locate at least two trade organizations or development centers that serve members of the HUB groups, in order to notify them of each identified subcontracting opportunity:

<https://comptroller.texas.gov/purchasing/vendor/hub/resources.php>

These entities have expressed their willingness to accept notices of subcontracting opportunities from vendors to distribute to their members.

The following pages contain general information to assist Bidders/Proposers in using the CPA database.

Using the Centralized Master Bidders List (CMBL) – HUB Directory to Locate Historically Underutilized Businesses (HUBs)

Instructions

I. Introduction

This guide is designed to assist you in accessing and using the CMBL – HUB Directory to locate HUB vendors who can provide specific goods or services and/or to verify HUB status. Note that you can view additional information by clicking on the “help” link displayed in the upper right hand corner of the CMBL – HUB Directory search screen.

II. Access the CMBL – HUB Directory via the internet:

<https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do>

CMBL – HUB Directory Search Screen

Use the various search selection criteria to create lists of potential vendors as well as retrieve specific vendor information. The “help” sections below explain the search criteria options.

After selecting desired search criteria, click on the “**Search**” button to begin the search.

Clicking on the “**Clear Search**” button will remove all information you have entered or selected, and thereby defaulting back to the original settings.

Specific vendor data options

Use the following optional fields to refine vendor-specific search results:

“Search For” - This feature is used to specify whether you want to search for vendors who are registered on the CMBL, and/or vendors who are a Texas certified HUB.	
CMBL Only	Search results will consist of active vendors who are registered on the CMBL regardless of whether they are a Texas certified HUB. This result will include both HUB and non-HUB vendors. NOTE: Only those vendors marked with a HUB status of “A-Active” are currently certified.
HUBs Only	Search results will consist of Active vendors who are a Texas certified HUB, regardless of whether they are registered on the CMBL.
HUBs on CMBL	Search results will consist of Active vendors who are a Texas certified HUB registered on the CMBL.
All Vendors	Search results will consist of Active vendors that are registered on the CMBL, and active vendors who are a Texas certified HUB. This result will include both HUBs and non-HUB vendors.

Note that the check list in the “Select Fields for Output” box allows the user to customize the information that will be displayed in the search results. You may check as many or as few fields as appropriate. These selections will not work with the following two output options: 1) all contact information, or 2) two column mailing labels, because these options have a pre-determined format.

“Output” Options	
The user can determine output format by selecting the appropriate option from the drop down menu located next to the words “Output as” at the bottom of the search screen.	
Detail List	Produces a list of summary information for each vendor that meets the search criteria. Clicking on the links to either a vendor name or vendor ID will provide more detailed information, including a list of the commodity classes and items that the vendor has associated with their profile.
All Contact Information	Produces a profile box that displays complete contact information for each vendor, including address, phone, fax, contact name, and a business description.
Excel Spreadsheet	Generates a list in an Excel spreadsheet (this option will only work if the list is 1,000 vendors or less).
Other available options are: downloading to a text file (Max 1000 vendors), producing a comma or Pipe () Delimited List, or generating two column mailing labels.	

“Sort by” Options
The user can sort by Vendor Name, Vendor ID, City, Zip Code, HUB Eligibility/HUB Gender, or HUB Status, by selecting the appropriate option from the drop down menu next to the words “Sort by” at the bottom of the search screen.

III. Using the “Single Vendor Search” to Locate a Specific Vendor

“Single Vendor Search” - This feature may be used to narrow your search to a specific vendor.	
Vendor ID (VID) Number	Enter at a minimum, the first 10-digits of the company’s 13-digit VID Number you are searching for. Example: 199999999900. Search results will consist of vendor profiles matching the VID Number you entered based on the “Search For” criteria you selected.
Vendor Number	Enter the 5 or 6-digit Vendor Number of the company you are searching for. Example: 99999 or 999999. Search results will provide the vendor profile matching the Vendor Number you entered based on the “Search For” criteria you selected.
Vendor Name	Enter a portion of the company’s name you are searching for. Example: ABC Logistics Company. In the example given, it is recommended that you enter “Logistics” because “ABC” may have spaces or periods between them. The search results will provide the vendor profiles that have a company name containing “Logistics” based on the “Search For” criteria you selected.
Include Inactive Vendors	This feature can be used to include inactive vendor profiles to the search results based on the “Search For” criteria you selected, and the VID Number, or Vendor Number or Vendor Name you entered.

IV. Using the “Multiple Vendor Search” to Generate a List of HUB Vendors

“Multiple Vendor Search” - This feature can be used to narrow your search to vendors who can provide goods and/or services based on the National Institute of Governmental Purchasing codes they have identified in their company’s CMBL/HUB vendor profiles.

Vendors specify within their CMBL/HUB vendor profiles the highway districts to which they can provide their goods and services. Note: You must use a comma to separate multiple Highway District codes. Example: 01,03,22

“Select Fields For Output” - Select the fields of information that you would like have displayed in the search results. Some fields are preselected and may be unchecked if desired.

“Output Options” - Select the format in which you would like the information to be displayed. Note: If the search results exceed 1,000 vendors, you will have to select “Comma Delimited List” or “Tab Delimited List” which you can save and import into another median such as Excel.

VI. Using the NIGP Commodity Code

The NIGP Commodity Code is a system of classifying goods and services by general descriptions (classes) and specific descriptions (items). NIGP Class-Item Codes contain five digits. To obtain the five digit code, combine the three digit class code with its corresponding two digit item number. Note that all class codes of 900 and above are for services.

EXAMPLE: Class 615 is described as “Office Supplies, General,” and Item 81 is described as “Staples.” If you were looking for vendors to provide staples, you would use Class/Item 615-81 to do your CMBL - HUB Directory search.

There are several ways to view the NIGP code on the CPA website:

Commodity Code Listing by Class

This list includes a “hot key” for each class code. By clicking on the hot key, you can view the particular class with a sub-listing of individual item codes and descriptions. Classes are general headings, so if you can’t locate an item, try using the Commodity Code Search Screen.

Access the Commodity Code Listing by Class at:

<https://mycpa.cpa.state.tx.us/commbook/>

From this screen, you can enter a key word or words to match. Matches will contain all words entered. You can also do a search by three digit class code.

Access the Commodity Code Search Screen at:

<https://mycpa.cpa.state.tx.us/commbook/indexSearch>
