1.7 Historically Underutilized Business (HUB) Plan

All bids must include a completed Historically Underutilized Business (HUB) Subcontracting Plan (HSP) in the format required by the Texas Comptroller of Public Accounts. See Section 1.3, Schedule of Events, for HSP related deadlines. See Section 3.7 for additional information on the HSP.

1.8 Bidder's Contracting Authority

The Bidder warrants and represents that the person named on the first page of the Bid has the full right, power and is legally authorized to execute the Contract and/or Purchase Order resulting from this IFB on behalf of the Bidder. Commitments must be unqualified, not limited, and fully commit the Bidder to provide the goods and services required under this IFB.

PART 2 GENERAL INFORMATION

2.1 Authority

This IFB is issued in accordance with the State Lottery Act (Tex. Gov't Code ch. 466.001) and the procurement rules of the Texas Lottery Commission, 16 Tex. Admin. Code (TAC) §401.101, et. seq. All bids submitted in response to this IFB are subject to the requirements of the State Lottery Act, regardless of whether specifically addressed in this IFB. All potential Bidders should read and be familiar with the State Lottery Act and the procurement rules of the Texas Lottery Commission.

2.2 Issuing Agency and Right to Amend IFB

This IFB is issued by the Texas Lottery Commission and is subject to clarification, modification, amendment, alteration, or withdrawal at the Texas Lottery Commission's sole discretion at any time prior to award, if in the Texas Lottery Commission's best interest. The decision of the Texas Lottery Commission shall be administratively final in this regard.

2.3 Texas Lottery Commission Obligations

The Texas Lottery Commission shall not be responsible for costs incurred in responding to this IFB. The Texas Lottery Commission reserves the right to select qualified bids to this IFB without discussion of the bids with the Bidders. All bids will become a part of the Texas Lottery Commission's official procurement files and will be available for public inspection after contract award. The Texas Lottery Commission reserves the right to reject any or all bids received. No obligation is created by retention of these bids, nor is the Texas Lottery Commission committed to awarding a contract as a result of this IFB.

2.4 Successful Bidder's Obligations

The Successful Bidder shall be responsible for the performance of all contractual obligations that may result from an award based on this IFB and shall not be relieved of obligations due to non-performance of any or all subcontractor(s).

A bid submitted in response to this IFB must identify any subcontractors and describe the contractual relationship between the Bidder and each subcontractor. The Successful Bidder must obtain written approval from the Texas Lottery Commission before subcontracting any portion of the contract requirements.

2.5 Bid Tenure

All bids shall be valid for a period of ninety (90) days from the deadline for bids.

2.6 News Releases

News releases pertaining to this IFB and/or any resulting contract or the goods and services to which they are related will not be issued without the prior written approval of the Texas

Lottery Commission, and then only in accordance with explicit written instructions from the Texas Lottery Commission. The disclosure of any portion of the contents of any bid prior to the award of a contract under this IFB may result in disqualification.

2.7 Open Records

The Texas Lottery Commission is subject to the Texas Public Information Act (Act) (Tex. Gov't Code ch. 552). Bids submitted to the Texas Lottery Commission in response to this IFB are subject to release by the Texas Lottery Commission as public information unless the bid or specific parts thereof can be shown to fall within one or more of the exceptions to disclosure provided in the Act, the State Lottery Act or other applicable law. If a Bidder believes that its bid, or parts thereof, is confidential under the Act, it must specify that either all or part is excepted by marking "Confidential" on each page or by each paragraph containing such information. The Bidder further must specify which exception(s) it believes applies for each portion marked "Confidential," with specific and detailed reasons. Vague, general or blank claims to confidentiality are not acceptable. This is necessary so the Texas Lottery Commission will have sufficient information to provide the Attorney General of Texas, if an opinion regarding the confidentiality of the information is requested. All bids or parts of bids that are not marked as being confidential may automatically be considered public information after a contract has been awarded. The successful bid may be considered public information even though parts are marked "confidential."

2.8 Certification

Pursuant to Tex. Gov't Code §466.103 (Prohibited Contracts), the Texas Lottery Commission Executive Director may not award a contract for the purchase or lease of facilities, goods, or services related to lottery operations to a person who would be denied a license as a sales agent under Tex. Gov't Code §466.155. By submitting a bid, each Bidder certifies that it has reviewed Tex. Gov't Code §466.155 (attached hereto as Attachment A) and neither the Bidder nor any of the following would be denied a license as a sales agent: (i) Bidder's officers, directors, investors, owners, partners, and principals, as more particularly described in Tex. Gov't Code §466.155 (collectively, Bidder Principals); or (ii) any spouse, child, brother, sister or parent residing as a member of the same household in the principal place of residence of the Bidder or any of the Bidder Principals.

Additionally, as part of any bid, proposal or agreement, Bidder must provide written certification (**Attachment G**) that it would not be denied a license as a sales agent pursuant to Tex. Gov't Code §466.155. Attachment G must be signed and returned with the bid; otherwise, the bid may be disqualified.

2.9 Vendor Performance

Under Tex. Gov't Code §§ 2155.074 and 2155.075, vendor performance may be used as a factor in the award.

PART 3 RESPONSE REQUIREMENTS

3.1 Introduction

Each Bidder may submit only one (1) bid. **As required by Section 4.2.1, a Bidder shall submit with its bid exactly two (2) Drawing Machine designs that meet the specifications of this IFB.** Failure to provide information required in a bid response under this Part 3, or as otherwise required by the terms of this IFB, may result in the rejection of a bid as non-responsive.

3.2 Number of Copies

Each Bidder must submit one (1) **signed** original bid and four (4) copies of the bid (unless submitted electronically) including the following:

- **Signed** bid Cover Sheet
- Attachment B – Contact/Company Information
- Attachment C – References
- Attachment D –Cost Sheets (**signed**)
- Attachment G –Bidder Certification (**signed**)

3.3 Bidder's Cost

Each Bidder shall state its pricing for the required goods and services as specified on the Cost Sheet (**Attachment D**). Each Bidder shall submit a separate Cost Sheet for each of the two (2) required Drawing Machine designs submitted with the bid. The Bidder shall clearly identify the applicable Drawing Machine design on each Cost Sheet. For bid evaluation purposes, the cost assigned to the bid will be the highest cost of the "Total Equipment Cost/Total Cost" set forth on the two (2) **Attachment D** Cost Sheets submitted with the bid.

The Successful Bidder will be paid based on the price in the contract for goods and services accepted by the Texas Lottery Commission under this IFB. No reimbursement is available to the Bidder beyond the amount agreed to be paid as the cost of goods or services provided, if any. The costs of shipping and other such charges must be specifically identified on the Cost Sheet. Any such charges not identified by the Successful Bidder will be the Successful Bidder's responsibility.

3.4 References

A minimum of five (5) verifiable references must be provided that include contact person, name of company, phone number, and e-mail address. See **Attachment C**. Bidder's references shall include references for which the Bidder has provided similar services as described in Part 4 of this IFB within the last five (5) years. The Texas Lottery reserves the right to contact these references to verify Bidder's ability to provide the goods and/or services as specified and to verify all information in the Bid submitted by the Bidder and seek other information it deems necessary to conduct a thorough review.

3.5 Experience of the Bidder

- 3.5.1 Bidder must explain why it has the required experience to provide the goods and services required under this IFB. Each Bidder must also indicate why the goods and services bid best meet the objectives of the Texas Lottery. This shall include the Bidder's experience to ensure timely delivery of quality products and services.
- 3.5.2 Bidder must indicate the number of years' experience the Bidder has in providing the goods and/or services specified in this IFB, including any applicable training and/or certifications.

3.6 Experience of Personnel

Each Bidder must provide detailed resumes or other documentation for key personnel assigned to this project that includes experience with similar projects, and the number of years with the Bidder's company. Documentation must provide sufficient detail to demonstrate the experience and expertise of the Bidder's assigned personnel to provide the goods and perform the services specified in this IFB.

3.7 Historically Underutilized Business Participation

3.7.1 HSP Requirement

The Texas Lottery has adopted the rules promulgated by the Comptroller of Public Accounts (CPA) regarding Historically Underutilized Businesses (HUBs) in 34 Texas Administrative Code (TAC) §§ 20.281 – 20.298 (See [http://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC?tac_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y](http://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC?tac_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y)). By submitting a Bid, the Bidder certifies that it has reviewed 34 TAC §§ 20.281 - 20.298. Rule 20.285 addresses the specific requirements of Historically Underutilized Business subcontracting plans (HSPs).

3.7.2 HSP Submission and Texas Lottery Review

- a. All bids must include an HSP (Attachment I, including Method A or B, if applicable) in the format required by the Comptroller of Public Accounts. Bidders may access the HSP forms on-line at the following CPA website link: <https://www.comptroller.texas.gov/purchasing/vendor/hub/forms.php>. The forms must be printed, signed and submitted with your Bid. **The HSP is a pass/fail requirement. BIDS THAT DO NOT INCLUDE A COMPLETED HSP PREPARED IN ACCORDANCE WITH 34 TAC §20.285 SHALL BE REJECTED AND WILL NOT BE EVALUATED.**
- b. The HSP forms are provided in Attachment I of this IFB. To determine whether a Bidder has performed a good faith effort in preparing its HSP as required by the Comptroller's HUB rules, the Texas Lottery may request clarifications, if necessary. The HSP will be reviewed based on the Bidder's submission and any clarifications requested by the agency.

3.7.3 Assistance for Preparation of HSP

- a. *HSP Quick Check List and HUB Subcontracting Opportunity Notification Form.* Attached to this IFB are an HSP Quick Check List (Attachment I-1) prepared by the CPA and a HUB Subcontracting Opportunity Notification Form (Attachment I-2). Attachment I-1 is intended to assist Bidders in preparing the HSP forms but is not required to be submitted with Bids. Bidders are encouraged to use Attachment I-2 when sending notice of subcontracting opportunities.
- b. *Additional TLC Assistance.* As stated above, if an HSP is rejected, the Bid will be disqualified and will not be considered. **Therefore, Bidders are strongly encouraged to start preparing HSP forms as soon as possible and take advantage of the following TLC assistance. Please note there are deadlines associated with this process and Bidders have a limited amount of time to cure any deficiencies.**
 - Written questions regarding the HSP can be submitted at any time up until the Bid deadline. The TLC will compile and post a separate HSP question-and-answer document on the TLC website. The document will be updated as questions are

submitted. **It is the Bidder's responsibility to check the TLC website for this information.**

- The TLC will conduct one-on-one HSP workshops with Bidders upon request. The workshops will cover detailed information on how to complete the HSP forms. Workshops must be concluded by the date and time listed in the Schedule of Events. Workshops may be conducted via Zoom, TEAMS or telephone conference. During these workshops, the TLC will not answer any questions that are not directly related to the HSP process. **Bidders are responsible for contacting the Texas Lottery to schedule a workshop during the specified time period.**
- The TLC will review and provide individual written feedback on draft HSP forms submitted by Bidders. Draft HSP forms must be submitted by the date and time listed in the Schedule of Events. Upon request, the TLC may also provide verbal feedback.

Note that "draft HSP forms" consist only of the forms included in Attachments I, I-1 and I-2 of the IFB and documentation related to performance of the good faith effort. In reviewing draft forms, the TLC will not comment on responses to any other sections of the IFB, even if they are referred to in the HSP forms. Bidders are instructed not to submit any other portions of their Bid to the TLC as part of the draft HSP.

One-on-one workshops and the TLC's review of draft HSP forms do not guarantee that the HSP submitted with the Bid will pass.

3.7.4 Requirements for Completing the HSP Forms

- a. TLC's HUB Participation Goal. The goods and/or services requested in this IFB are classified in the category of Commodities Services Contracts. The agency's HUB participation goal for this IFB is 21.1%.
- b. Requirements of the HUB subcontracting plan. Each Bidder shall complete the HSP forms prescribed by the Comptroller (Attachment I) and provide the following:
 - (A) a certification the Bidder has made a good faith effort to meet the requirements of 34 TAC § 20.285;
 - (B) the names of the subcontractors that will be used during the course of the Contract;
 - (C) the expected percentage of work to be subcontracted; and
 - (D) the approximate dollar value of that percentage of work.

Each Bidder shall provide all documentation required by the agency to demonstrate the Bidder's compliance with the good faith effort requirements prior to Contract Award. If a Bidder fails to provide supporting documentation (phone logs, fax transmittals, electronic mail, etc.) by the deadline specified by the agency, the Bid shall be rejected for material failure to comply with Tex. Gov't Code §2161.252 (b).

c. Bidder Intends to Subcontract

Bidders who intend to subcontract any portion of the Contract must indicate in the HSP form that they intend to subcontract, and must perform one of the three good faith effort methods identified below.

- **Method A (1): Using 100% HUB Subcontractors.** Bidder will use only Texas-certified HUBs for all identified subcontracting opportunities.
- **Method A (2): Meeting the Specified HUB Contract Goal.** Bidder will use a combination of Texas-certified HUBs and Non-HUB vendors for the identified subcontracting opportunities, however, the specified HUB contract goal can only be met by the subcontracting opportunities awarded to the Texas-certified HUB vendors with whom the Bidder has contracted for five years or less.
- **Method B: Good Faith Effort Outreach.** Bidder will perform good faith effort outreach for each identified subcontracting opportunity by contacting at least three (3) Texas-certified HUBs and two trade organizations or development centers that serve members of the HUB groups. **Bidders using this method must perform the outreach even for areas where a Bidder has a pre-existing subcontracting relationship.**

BIDDERS WHO INTEND TO SUBCONTRACT, AT A MINIMUM, MUST USE ONE OF THE METHODS OUTLINED ABOVE. FAILURE TO DO SO WILL RESULT IN DISQUALIFICATION.

d. Bidder Does Not Intend to Subcontract

Bidders who intend to fulfill the entire Contract using only their own existing resources and employees, without subcontracting, should check the appropriate box in Section 2 of the HSP form and complete Sections 3 and 4 of the form.

The Bidder must explain how all functions of the Contract will be performed without the use of Subcontractors and should refer to Section 3 of the HSP form.

3.7.5 Subcontracting Opportunities

- a. The Texas Lottery has identified the following potential subcontracting opportunities under this IFB. Bidders intending to subcontract any must perform the good faith effort detailed in the HSP instructions and include a compliant HSP with the Bid.

Class 100: BARRELS, DRUMS, KEGS, AND CONTAINERS**Item Number and Commodity Descriptions:**

100-11 – Crates, Plywood

100-21 – Freight and Cargo Containers, Shipping, (See Class 640 for Boxes)

Class 962: MISCELLANEOUS SERVICES, NO. 2 (NOT OTHERWISE CLASSIFIED)

Item Number and Commodity Descriptions:

962-86 - Transportation of Goods, Shipping and Handling, and Other Freight Services

- b. The potential subcontracting opportunities listed above may or may not be areas that a Bidder would subcontract, depending on that Bidder's existing resources, employees, and business model. Further, Bidders are not limited to the list above, and may identify additional areas of subcontracting. Bidders who intend to subcontract are responsible for identifying all areas that will be subcontracted and shall submit a completed HSP demonstrating evidence of good faith effort in developing that plan.
- c. A list of HUB vendors registered with the CPA for the subcontracting opportunities identified above is included under Attachment I-3, HUB/CMBL of this IFB. This list is provided as a resource to assist Bidders in preparing and submitting an HSP. The Texas Lottery Commission does not endorse, recommend or attest to the capabilities of any company or individual listed. Note that currently active certified HUBs will have a status code of "A." All other status codes indicate that a vendor is inactive or not a HUB.
- d. Please refer to the HUB/CMBL Directory Instructions and HUB Vendor Reference Lists under Attachment I-3, HUB/CMBL, of this IFB to locate potential HUB Subcontractors.

3.7.6 Post Contract Award

- a. Notification of Subcontractors

Following Contract Award, the Successful Bidder must provide notice to all subcontractors (HUBs and Non-HUBs) of their selection for the awarded Contract. The Successful Bidder is also required to provide a copy of each notice to the agency's HUB Coordinator for the Contract no later than ten (10) Working Days after the Contract is awarded. Bidders should refer to Section 4 of the HSP form for additional information about this requirement.

- b. HSP Changes

Following Contract Award, any proposed changes to the HSP must be submitted, in writing, by the Successful Bidder to the Texas Lottery for prior review and must be approved by the Texas Lottery in writing before becoming effective under the Contract.

- c. HSP Reporting

Following Contract Award, if the Successful Bidder is subcontracting, the Successful Bidder shall maintain business records documenting compliance with the HSP and shall submit a monthly compliance report in the format required by the Texas Lottery. The monthly compliance report shall be submitted to the Texas Lottery by the 10th of the following month or on the date requested by the agency's HUB Coordinator or his/her designee. The submission of the monthly compliance report is required as a condition of payment.

3.8 Statement of Non-Discrimination

The Successful Bidder shall comply with all applicable state and federal laws, rules and regulations involving nondiscrimination on the basis of race, color, religion, national origin, disability, sex, or age.

3.9 Conflict of Interest

A Bidder must disclose in its bid any actual, potential or perceived conflict of interest relative to the performance of the requirements of this IFB. From the vantage point of when facing the machine, the four (4) balls selected shall enter the display tray that presents the balls in order from left to right. The selection display receptacle tray for the right mixing chamber (from the vantage point of facing the machine) shall draw and hold only one (1) ball. The display receptacle/trays shall be in close proximity of the selection head/lever to allow for constant visual monitoring and broadcast presentation of the selection process. Also, both display receptacle trays must be in close proximity to each other to allow for simultaneous visual monitoring and broadcast. Because this is a dual chamber machine, there shall be a delivery device for each chamber. The display trays shall have a separation of one inch or more at the final rest between the ends of the delivery trays.
- 4.2.3 An independent loading rack is required for each of the mixing chambers. The loading rack holds the numbered balls before their release into their respective mixing chamber. The loading rack for each mixing chamber must be attached to a controlled access door that is hinged at the bottom of the mixing chamber, and opens out from the back of the machine/mixing chamber; or, the controlled access door may be attached to the inside walls of the chambers, or the separation panels of each chamber. The receptacle tray for each chamber shall secure the balls in place and provide ease of access for a drawing official to rotate a selected ball without obstruction. Each controlled access gate with selection head/lever is required to

The remote control and controls on each Drawing Machine shall have the capability to allow the operator to set the parameters for the game. The remote control shall have a "Reset" button that is covered and/or protected and distinguishable from the rest of the buttons on the remote control. Each Drawing Machine must be designed in such a manner that the on-air talent will have the ability to initiate the automatic, semi-automatic, or interactive (manual) game modes, and controls for the Drawing Machine must be able to be operated out of sight of television cameras. The cables for the remote control must be no less than 50 feet in length. The TLC's preference is that the Drawing Machine cabinets be designed to prevent damage to the connection of the power and remote cables during use and moving of machines.

Each Drawing Machine must be equipped with easily accessible activation switch(s) that allow for one of three modes of operation: automatic, semi-automatic, and interactive (manual) ball selection.
- 4.2.10 Each Drawing Machine must have the ability to select from one of the three modes of operation for delivering and mixing the balls in the mixing chamber: (i) an automatic selection mode that will involve the start of the delivery (dropping the balls)--the process would then mix and select the balls automatically; (ii) a semi-automatic selection mode where the drawing official selects start (which drops and mixes the balls), or the drawing official selects drop (which drops the balls) and then selects mix (which mixes the balls) and pushes select (and the balls are selected at a timed interval); and, (iii) an interactive

(manual) selection mode where, at the command of the drawing official, the balls are dropped, mixed and manually selected with the lever.

Upon request by the Texas Lottery Commission, Bidder will return all materials (e.g., graphics, drawings, documents, etc.) provided to Bidder by the Texas Lottery Commission that Bidder used or relied upon to create the Works, to respond to the IFB, or to otherwise provide goods or services under any resulting contract.

7.4 Assignment of Rights to the Works

If and to the extent Bidder may, under applicable law, be entitled to claim any further ownership interest in the Works, Bidder agrees to, and does hereby, transfer, grant, convey, assign and relinquish exclusively to the Texas Lottery Commission all of the foregoing rights and all of Bidder’s right, title and interest in and to the Works.

7.5 Waiver of Moral Rights to the Works

Bidder hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which Bidder may now have or which may accrue to Bidder’s benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term “Moral Rights” shall mean any and all rights of paternity or integrity of the Works and the right to object to any modification, translation or use of the Works, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

7.6 Confidentiality of the Works

All Works shall be deemed the confidential information of the Texas Lottery Commission, and Bidder shall not use, disclose or permit any person to use or obtain the Works, or any portion thereof, except as specifically authorized by the Texas Lottery Commission.

7.7 Pre-Existing Rights and Third-Party Rights

7.7.1 To the extent that any pre-existing rights and/or third party rights or limitations are embodied, contained, reserved or reflected in the Works, the Successful Bidder shall either (a) grant to the Texas Lottery the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Texas Lottery's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and (ii) authorize others to do any or all of the foregoing, or (b) where the obtaining of the aforementioned rights is not reasonably practical or feasible, provide written notice to the Texas Lottery of such pre-existing or third party rights or limitations, request the Texas Lottery's approval of such pre-existing or third party rights, obtain a limited right and license to use such pre-existing or third party rights on such terms as may be reasonably negotiated, and obtain the Texas Lottery's written approval of such pre-existing or third party rights and the limited use of same. The Successful Bidder shall provide the Texas Lottery with documentation indicating a third party's written approval for the Successful Bidder to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works. The Successful Bidder shall indemnify, defend and hold the Texas Lottery harmless from and against any and all claims, demands, regulatory proceedings and/or causes of action, and all losses, damages, and costs (including attorneys' fees and settlement costs) arising from or relating to, directly or indirectly, any claim or assertion by any third party that the Works infringe any third party rights. The foregoing indemnity obligation shall not apply to instances in which the Texas Lottery either (y) exceeded the scope of the limited license that was previously obtained by the Successful Bidder and agreed to by the Texas Lottery, or (z) obtained information or materials, independent of the Successful Bidder's involvement or creation, and provided such information or materials to the Successful Bidder for inclusion in the Works, and such information or materials were included by the Successful Bidder, in an unaltered and unmodified fashion, in the Works.

7.7.2 The Successful Bidder agrees that it shall have and maintain, during performance of the Contract, written agreements with all employees, Subcontractors, or agents engaged by the Successful Bidder in performance hereunder, granting the Successful Bidder rights sufficient to support all performance and grants of rights by the Successful Bidder. Copies of such agreements shall be provided to the Texas Lottery promptly upon request.

7.8 Right and Authority of Bidder

Bidder hereby represents and warrants that (i) it has full right and authority to perform its obligations and grant the rights herein granted, (ii) Bidder has neither assigned nor otherwise entered into an agreement by which it purports to assign or transfer any right, title or interest to the Works, materials, technology or intellectual property rights that would conflict with its

obligations under the IFB or any resulting contract, and further covenants and agrees that it shall not enter into any such agreements, and (iii) the Works will be original and will not infringe any intellectual property rights of any other person or entity. All of the above warranties will survive the termination of any contract resulting from this IFB.

7.9 Injunctive Relief

The IFB and any resulting contract are intended to protect the Texas Lottery Commission's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Texas Lottery Commission's business. Therefore, the Successful Bidder acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property, licensing, and confidentiality provisions of this IFB and any resulting contract, upon request by the Texas Lottery Commission, without requiring proof of irreparable injury as same should be presumed.

POLICY ON THE UTILIZATION OF HISTORICALLY UNDERUTILIZED BUSINESSES (HUBS)

In accordance with Texas Government Code §§2161.181-182 and §466.107, and with the Texas Lottery Commission's rule relating to Historically Underutilized Businesses (HUBs), 16 Texas Administrative Code §403.301, state agencies shall make a good faith effort to utilize HUBs in contracts for construction, services, including professional and consulting services, and commodity contracts. The Commission has adopted the Comptroller of Public Accounts HUB Rules as its own rules, and encourages the use of HUBs by implementing these policies through race, ethnic, and gender-neutral means. The Commission is committed to promoting full and equal business opportunities for all businesses in State contracting in accordance with the goals specified in the State of Texas Disparity Study:

- (1) *11.2% for heavy construction other than building contracts;
- (2) *21.1% for all building construction, including general contractors and operative builders contracts;
- (3) 32.9% for all special trade construction contracts;
- (4) 23.7% for professional services contracts;
- (5) 26.0 % for all other services contracts; and,
- (6) 21.1% for commodities contracts.

* Heavy Construction and Building Construction categories/goals are not applicable to the Lottery Commission's operations. Currently, the Commission does not have programs or strategies related to these categories.

The Commission and its contractors shall make a good faith effort to meet or exceed these goals and assist HUBs in receiving a portion of the total contract value of all contracts that the Commission expects to award in a fiscal year. It is the policy of the Commission to accomplish these goals either through contracting directly with HUBs or indirectly through subcontracting opportunities. The Commission's policy on the utilization of HUBs and minority businesses is related to all contracts with an expected value of \$100,000 or more, and whenever possible, in contracts less than \$100,000.

As set forth in the Comptroller's HUB rules at 34 Texas Administrative Code §20.282, a HUB is a business, as described below, that is certified by the State of Texas and has not exceeded the size standards established by 34 Texas Administrative Code §20.294 with its principal place of business in Texas. Qualifying HUB owners must be residents of the State of Texas; have a proportionate interest and demonstrate active participation in the control, operation, and management of the HUB entity's affairs; and be economically disadvantaged because of their identification as members of the following groups: Black Americans, Hispanic Americans, American Women, Asian Pacific Americans, Native Americans, or Disabled Veteran.

The Comptroller of Public Accounts will certify those eligible businesses that apply for HUB certification under the following business structures and defined ownership:

- Woman or Minority-Owned Business:

- a) a corporation formed for the purpose of making a profit in which at least 51% of all classes of the shares of stock or other equitable securities are owned by one or more person(s) identified above;
 - b) a sole proprietorship created for the purpose of making a profit that is 100% owned, operated, and controlled by a person identified above;
 - c) a partnership formed for the purpose of making a profit in which 51% of the assets and interest in the partnership is owned by one or more persons identified above;
 - d) a joint venture in which each entity in the joint venture is a HUB;
 - e) a supplier contract between a HUB and a prime contractor under which the HUB is directly involved in the manufacture or distribution of the supplies or materials or otherwise warehouses and ships the supplies; or
 - f) a business which is formed for the purpose of making a profit which is otherwise a legally recognized business organization under the laws of the State of Texas, provided that at least 51% of the assets and 51% of any classes of stock and equitable securities are owned by one or more persons identified above.
- Service Disabled Veteran Business:
 - a) Veterans as defined by 38 U.S.C. §101(2) who have suffered at least a 20% service-connected disability as defined by 38 U.S.C. §101(16) who are not Black Americans, Hispanic Americans, American Women, Asian Pacific Americans, or Native Americans.

For further explanation, see the Comptroller of Public Accounts HUB Rules definitions at 34 Texas Administrative Code §20.282.

ATTACHMENT I

HISTORICALLY UNDERUTILIZED BUSINESS SUBCONTRACTING PLAN

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be “day zero” and does not count as one of the seven (7) working days.

- a.** Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas’ Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at <http://mycpa.cpa.state.tx.us/tpasscmbldsearch/index.jsp>. HUB status code “A” signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company’s Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program’s webpage at <https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php>.

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.
